The Dao of Being Jewish and Other Stories Irene Shaland, 2023-01-16 This book is a collection of Jewish survival stories and fascinating tales This is not a conventional travel guide this book will shine a light on the history of 10 Jewish communities in Europe Asia and Africa Together with the author you will visit incredible places and meet the Jews of today

GTA Books Two and a half millennia ago a small party of Jews explored new trading routes for King Solomon settled in the south of India and lived there peacefully until today Similarly during the ancient Roman period many Jewish merchants traveled to China over the Silk Route and some made it their permanent home Also before the Edict of Expulsion in 1492 Sicily was home to over 50 Jewish communities possibly numbering 50 000 people So how did the Diaspora bring these wandering Jews to so many places around the globe And why did Jews live happily in India and China for centuries and not experience antisemitism while the story of the Jews in Europe went from persecution and massacres to unspeakable horrors of the Holocaust Finally why do we see the rise of antisemitism and violence again in the 21st century You will find answers to these questions and much more in the current edition of Irene Shaland s artfully illustrated book *The Dao of Being Jewish and Other Stories* She collected these fascinating stories while visiting ten countries in Europe Asia and Africa and interviewing the locals in their homes synagogues and even cemeteries Now Irene Shaland s book replete with her husband s photos takes you on your own exciting journey of discovery from Austria and the Czech Republic to Scandinavia from India and China to Sicily and Sardinia and from East Africa to Stalinist Russia

The Beetle Horde And Other Stories Victor

Rousseau,2016-10-17 Victor Rousseau *The Beetle Horde and other stories* An expedition charged with locating the south pole with precision comes upon marvels Aviator Tommy Travers and scientist Jim Dodd find evidence of man sized beetles near the pole Then their plane is sucked into a vortex and drawn inside the Earth Bullets shrapnel shell nothing can stop the trillions of famished man sized beetles which led by a madman sweep down over the human race *The Preliminaries, and Other Stories* Cornelia A. P. Comer,2023-10-04 In *The Preliminaries and Other Stories* Cornelia A P Comer masterfully explores the intricate web of human emotions and relationships through a series of poignant interlinked narratives Employing a lyrical yet accessible prose style Comer delves into the complexities of existential introspection vulnerability and connection in contemporary life Set against a backdrop of meticulously crafted settings these stories reflect a postmodern literary context steeped in both realism and surrealism allowing readers to traverse the mundane and the extraordinary as they navigate the protagonists journeys of self discovery and transformation Cornelia A P Comer a celebrated writer and educator draws upon her extensive background in psychology and her affinity for storytelling to shape her narratives Her experiences fuel her keen observations on the nuances of human interaction and the often unspoken tensions that underlie them Comer s background allows her to authentically portray the emotional landscapes of her characters making each story resonate with depth and authenticity while also reflecting her commitment to shedding light on the human condition This exquisite collection is recommended for readers seeking an introspective journey into the human psyche Comer s ability to intertwine rich character development with profound thematic exploration makes *The Preliminaries and Other Stories* an essential read for fans of literary fiction Prepare to be captivated by the delicate balance of hope and despair as you immerse yourself in Comer s enchanting prose *The Legend of Gold and Other Stories* Jun Ishikawa,1998-10-01 The four stories and novella translated in this volume represent the best short fiction by Ishikawa Jun 1899 1987 one of the most important modernist writers to appear on the Japanese literary stage during the years before and after World War II Throughout his career Ishikawa resisted the tide of popular opinion to address issues of political and artistic significance and thereby paved the way for a generation of Japanese internationalists and experimentalists including Abe Kobo and Oe Kenzaburo Highly acclaimed and respected in Japan Ishikawa remains little known in the West in part because of the tendency of Western critics and readers of Japanese literature to focus on writers concerned with aesthetic issues Combining a strong interest in politics with a brilliant use of modernist techniques Ishikawa s work defies easy categorization Banned in 1938 *Mars Song* has been called the finest example of anti war fiction written during Japan s march to war in China and the Pacific In it Ishikawa denounces the chorus of jingoism that swept Japan and via a metafictional tale within a tale he warns against the suicidal destruction to which complicity in warmongering will lead The allegorical *Moon Gems* written in the spring of 1945 further explores the tenuous position of the writer moving against the current in a country not only still at war but very near defeat In *The Legend of Gold* and *The Jesus of the Ruins* both from 1946 Japan has been reduced to a charred wasteland yet

Ishikawa envisions destruction as fertile ground for rebirth and resurrection Finally the semi surrealistic novella The Raptor plumbs the meanings and possibilities of peace in the post Occupation era William Tyler s eminently readable translations are faithfully expressive of stylistic and tonal nuances in the original works In a perceptive introduction and the critical essays that follow Tyler emphasizes Ishikawa s importance as an anti establishment even resistance writer and argues that the writer s political iconoclasm goes hand in hand with the modernism of his literary experimentation The Legend of Gold will be of tremendous importance in enlarging a Western understanding of the development of the writer s role as social critic and the evolution of the modernist movement in postwar Japan **When God Laughs And Other Stories** Jack
