interrogation of the relationship between literary fiction and society's dramatic transformation in South Africa and Argentina over the past several decades The resulting discursive text borders on both journalism and literature incorporating reportage essay and memoir Series Freiburg Studies in Social Anthropology Vol 34 **Historical Dictionary of the Dirty Wars** David Kohut, Olga Vilella, 2016-11-16 The Historical Dictionary of the Dirty Wars covers the period 1954-1990 in South America when authoritarian regimes waged war on subversion both real and imagined The term dirty war guerra sucia though originally associated with the military dictatorship in Argentina from 1976 to 1983 has since been applied to neighboring dictatorships in Paraguay 1954-1989 Brazil 1964-1985 Bolivia 1971-1981 Uruguay 1973-1985 and Chile 1973-1990 Although the concept is by no means peculiar to Latin America the term has become a byword for state sponsored repression anywhere in the world these regimes were among its most notorious practitioners In the mid 1970s they joined forces along with Ecuador and Peru to create Operation Condor a top secret network of military dictatorships that kidnapped tortured and disappeared one another's political opponents Their death squads operated both nationally and internationally sometimes beyond the region This third edition of Historical Dictionary of the Dirty Wars contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 400 cross referenced entries on the countries themselves guerrilla and political movements that provoked though by no means exonerated governmental reaction leading guerrilla human rights military and political figures local regional and international human rights organizations expressions of cultural resistance art film literature music and theater and artistic figures filmmakers novelists and playwrights whose works attempted to represent or resist the period of repression This book is an excellent access point for students researchers and anyone wanting to know more about the dirty wars of South America Buenos Aires Jason Wilson, 2007 The most European of South American cities Buenos Aires evokes exile and nostalgia A nineteenth century replica of Paris or Madrid set adrift in an alien continent its identity is neither of the Old World nor the New The city's rootlessness has famously found expression in the melancholy of tango and more recently in a vogue for psycho analysis even more widespread than New York's **Asia-Pacific Film Co-productions** Dal Yong Jin, Wendy Su, 2019-11-20 This book examines cross regional film collaboration within the Asia Pacific region Through a mixed methods approach of political economy industry and market as well as textual analysis the book contributes to the understanding of the global fusion of cultural products and the reconfiguration of geographic political economic and cultural relations Issues covered include cultural globalization and Asian regionalization identity regionalism and industry practices and inter Asian and transpacific co production practices among the U S A China South Korea Japan India Hong Kong Taiwan Argentina Australia and New Zealand **Globalization and Latin American Cinema** Sophia A. McClennen, 2018-05-25 Studying the case of Latin American cinema this book analyzes one of the most public and most exportable forms of postcolonial national culture to argue that millennial era globalization demands entirely new frameworks for thinking about the relationship between politics

culture and economic policies Concerns that globalization would bring the downfall of national culture were common in the 1990s as economies across the globe began implementing neoliberal free market policies and abolishing state protections for culture industries Simultaneously new technologies and the increased mobility of people and information caused others to see globalization as an era of heightened connectivity and progressive contact Twenty five years later we are now able to examine the actual impact of globalization on local and regional cultures especially those of postcolonial societies Tracing the full life cycle of films and studying blockbusters like City of God Motorcycle Diaries and Children of Men this book argues that neoliberal globalization has created a highly ambivalent space for cultural expression one willing to market against itself as long as the stories sell The result is an innovative and ground breaking text suited to scholars interested in globalization studies Latin American studies and film studies
