

The Long Tunnel A Coal Miners Journal

Robert Armstead, S. L. Gardner

The Long Tunnel A Coal Miners Journal:

The Long Tunnel Meade Arble, 2013-08-06 Upon its publication in 1976 *The Long Tunnel* became an instant classic. Its release in paperback includes a foreword describing the investigation into the deaths of 29 miners at the Upper Big Branch mine in West Virginia in 2010. The investigation shows that so far money and greed still enable those most responsible to walk away with millions while widows and children grieve. *The Long Tunnel* lifts the lid on the Pandora's box of life underground. It does so with the cumulative power of daily life without flinching. But rather than unleashing despair, it displays the humor and insights of gritty and hopeful survivors. It is required reading for anyone with an interest in the struggle to survive in today's America. Meade Arble's *The Long Tunnel* is one of the best books to come from an American publishing company in the last decade. He has done for coal mining what Erich Remarque did for warfare: he has told it like it is. *THE LONG TUNNEL* is a kind of industrial *ALL QUIET ON THE WESTERN FRONT*. Harry M. Caudill: This must be what they call a great read, the very best I've had in months and months. *THE LONG TUNNEL* is a magic book. D. Keith Mano, *National Review*. *Coal Miners' Wives* Carol A.B. Giesen, 2021-12-14 Few people in America today live with the dangers and deprivations that Appalachian coal mining families experience. But to the eighteen West Virginia women Carol Giesen interviewed for this book, hard times are just everyday life. These coal miners' wives, ranging in age from late teens to eighty-five, tell of a way of life dominated by coal mining and shadowed by a constant fear of death or injury to a loved one. From birth to old age, they experience the social and economic pressures of the coal mining industry. Few families in these communities earn their living in any job outside a coal mine, and most young men and women find no advantage in completing their education. Women whose stresses and strengths have seldom been disclosed reveal here their personal stories, their understanding of the dangers of coal mining, their domestic concerns, the place of friends and faith in their lives, and their expectations of the future. What emerges is a deeply moving story of determination in the face of adversity. Over and over, these women deal with the frustrations caused by strikes, layoffs, and mine closings, often taking any jobs they can find while their husbands are out of work. Endlessly, their home concerns revolve around protecting their husbands from additional work or worry. Always, there is fear for their husbands' lives and the pervasive anger they feel toward the mining companies. For some, there is also the pain of losing a loved one to the mines. Behind these women's acceptance of their circumstances lies a pragmatic understanding of the politics of mining and of the communities in which they live. Giesen's insights into the experiences of miners' wives contribute much to our understanding of the impact of industry, economics, and politics on women's lives. **Monthly Labor Review**, 1993 Publishes in depth articles on labor subjects, current labor statistics, information about current labor contracts, and book reviews. **Coal** Duane Lockard, 1998 Entwined in the personal story of this coal miner's son, who became a Princeton political scientist, is Lockard's critique of how the coal industry has behaved as a corporate citizen and how it exemplifies corporate power in American life. A Strike Like No Other Strike

Richard A. Brisbin, 2002-09-06 Supreme Court ultimately ruled in favor of the union most of the strikers faced elimination of their jobs and an ongoing struggle for pensions and health benefits Pennsylvania Mining Families Barry Paul Michrina, **Black Days, Black Dust** Robert Armstead, S. L. Gardner, 2002 Armstead retired from the coal mines in 1987 and died in 1998 Here he recounts his experiences and those of his father who was also a coal miner so that this engaging memoir also stands as a rich historical document portraying the evolution of the industry Armstead told his story to S L Gardner a former teacher and librarian who has written about coal camps for the Times West Virginian Annotation copyrighted by Book News Inc Portland OR **Labor Literature** United States. Department of Labor. Library, 1977 **Appalachian Journal** , 1981 A regional studies review The Pennsylvania Medical Journal , 1918

Unveiling the Magic of Words: A Overview of "**The Long Tunnel A Coal Miners Journal**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**The Long Tunnel A Coal Miners Journal**," a mesmerizing literary masterpiece penned with a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.
