The Lost Treasure of the Templars James Becker, 2015-07-07 The New York Times bestselling author of *The Templar Brotherhood* presents the first novel in a thrilling series about the powerful secrets of the Knights Templar and a conspiracy too shocking to believe In a quiet English seaside town antiquarian bookseller Robin Jessop has acquired an odd medieval

volume What appears to be a book isn't a book at all but a cleverly disguised safe in which she finds a single rolled parchment written in code For encryption expert David Mallory the text is impenetrable Until an invaluable clue opens the door to a mystery and a conspiracy stretching back seven centuries when the most powerful man in Europe declared war on the most powerful clan the Knights Templar Now Jessop and Mallory find themselves on a global hunt for an unsurpassed treasure and this much closer to the keys to secrets that could change history topple an empire and bury them both alive Because they're not only the hunters They're also the hunted *Hearing on Guatemala* United States. Congress. Senate. Select Committee on Intelligence, 1995 **Embassy to the Eastern Courts** Andrew C A Jampoler, 2015-11-15 Some two centuries ago during the Revolutionary and Napoleonic Wars New England's merchants and traders found themselves frozen out of their traditional markets in Europe and the Caribbean Desperate for new business for their idled ships and crews they asked President Andrew Jackson to explore opportunities for them on the other side of the globe Prompted by the secretary of the navy Jackson sent Edmund Roberts an unemployed ship owner from Portsmouth New Hampshire with no diplomatic experience on an embassy mission to the potentates of Oman Siam Cochin China and Japan to negotiate pioneering trade treaties So began an unusual and ultimately fatal adventure that twice took Roberts to exotic and dangerous places on the other side of the globe Because the British and the Dutch were deeply interested in these same new markets Roberts mission was kept secret Sailing in the ill fated USS Peacock first in company with USS Boxer then with USS Enterprise Roberts traveled almost 70 000 miles across the great expanses of two oceans to successfully negotiate treaties with Oman and Siam Although he failed twice to win over the emperor of Cochin China and died miserably in Macao before departing for Japan Roberts embassy was nonetheless instrumental in opening doors to new diplomatic realms and extending the commerce of the fledgling American nation Kept secret at the time and largely forgotten today Edmund Roberts fascinating and important story is recounted in this latest book by Andrew Jampoler retired naval officer turned maritime historian whose previous works include *Sailors in the Holy Land* and *The Last Lincoln Conspirator*
