A vintage poster with a dark, textured background. The title "LIVE LOVE LUCIFER" is written in a large, stylized, red and yellow gradient font. Three red devils with black wings are positioned around the text: one at the top left, one at the top right, and one at the bottom right. The bottom devil is sitting on a large, ornate, golden-brown winged symbol that features a red circle with a white cross inside. The entire poster is framed by ornate, golden-brown corner decorations.

Rudolf Steiner's main lectures and writings related to love. From earthly love to the nature and function of spiritual love, these pieces are essential reading for anyone concerned with the future of humanity and the Earth. *Love and Its Meaning in the World* is essential reading for anyone who'd like to gain a deeper understanding of our true mission as human beings and the purpose of evolution on Earth. Chapters include: The Division of the Sexes, Lucifer and Christ, The Mission of Reverence, The Buddha's Teaching of Compassion and Love, Faith, Love and Hope, Love without spiritual love, nothing spiritual can arise in evolution. When we practice love, cultivate love, creative forces pour into the world. For human beings, love is the most important fruit of experience in the sensory world. Once we really understand the nature of love or compassion, we will find that love is the way spirit expresses its truth in the world of the senses. We may even say that in love, the spiritual world awakens in the physical. The more truly a soul inhabits the spiritual world, the more it experiences lovelessness and lack of compassion as a denial of spirit itself. Rudolf Steiner

The Works of Lord Byron George Gordon Byron, Baron Byron, 1829

Essentials of Love Reece Phatudi, 2012-05-18. All people share one thing in common: the desire to love and be loved. However, love is one of the most controversial subjects, and people are subjugated by its scepticism. The state of love confusion has escalated disorder and decadence in our society. This is evident because many people are domineering, jealous, greedy, scandalous, and rebellious, usually to demean and influence others and situations. This is fuelled by distrust, bitterness, suspiciousness, and falsity. To put it clear, love is about sharing positive energy psychologically and physically through genuine demonstration and affirmation of humanity with contents of compassion, passion, faithfulness, commitment, and respect, focusing both on welfare of others and self-maturation. It is through re-learning love consciousness that we can properly realise unity in all levels, peace as a state of harmony beyond the absence of conflict, and true happiness emanating from a balanced life of spiritual and material values. *Essentials of Love* is the exposition of love and it serves well as a love guide. It advocates love as a universal principle. It focuses on addressing the logic, spirituality, and ethics of love. Its purpose is to offer a fresh outlook about human problems and solutions thereof. It does so in five parts: presentation, Introduction, In Search of Love, Thesis, Love Paradigm, Analysis, Love Problems, Proposal, Love Consciousness, Conclusion, Transformation through Love.
