The Lower Lights A Lake Superior Tale:

The Lower Lights L. D. Jacobson, 2000-07-28 Lake Superior is the largest and coldest of the Great Lakes a three hundred and fifty mile chasm filled with some of the coldest water in the world And its angry The source of its anger is Jimmy Parker who inherited a lot of money when his parents died and up until now has been very prudent and careful with it But when he purchases two hundred acres of shoreline property on Lake Superior in Michigans Upper Peninsula he takes a chance to fulfill a childhood dream He gets much much more His purchase is laughed at by his brother and questioned by his best friend Gwen But Jimmy has never felt more positive about anything in his life On that property on a hillside west of the village of Grand Marais Michigan lies the remains of an old lighthouse Once a symbol of hope to those who had lost their way on the cold lake the building has been reduced to a forgotten collection of crumbled mortar and broken glass Stories of the original lighthouse keeper still filter through the community Stories of a man obsessed with the responsibility of tending the light Of a man who didnt just live inside the lighthouse but became a part of it And then Jimmy decides to have it rebuilt Once he does that he unwittingly jumps into a centuries old war between the fury of the lake and one mans determination to defy it Shortly after the rebuilding is complete the lighthouse shines again And once again a vessel lost on Lake Superior is brought home safely Except the vessel is the Lucerne And it sank in 1886 Soon other vessels come ashore in response to the lighthouses call The Thomas Wilson which went down after a collision with another ship in 1902 the Hudson a freighter that took 24 men to the bottom of the lake with her in 1901 The lake is losing its prized trophies to the light along the shore Jimmy finds himself on the front line of a grudge match between the lighthouse and the lake A tug of war between the light of promise and the darkness that is the bottom of Lake Superior Now with the aid of the local historian Jimmy is scrambling to find a journal once kept by the original lighthouse keeper If he can find it he might better understand the spirit of the man who once tended the light and why that spirit rages on all these years later But hed better do it fast Because with each passing day more and more people are drawn to Grand Marais pulled in for some unknown reason to the shoreline where the old ships are resting They arrive in cars and motorhomes in groups or by themselves They arrive not looking for answers but for some final conclusion to the tragedies that have marked their own lives Tragedies that are inexplicably linked with the force that is Lake Superior As they race to find the old journal Jimmys relationship with Gwen undergoes a transformation And suddenly seeing this thing to the end doesnt seem as enticing without her with him He feels that the lighthouse is his responsibility That its now his watch But it wont be easy His opponent is the largest body of fresh water in the world A body of water so cold death results in minutes One that can lull you to sleep with serene calm one minute then lash out with frightening authority the next An opponent without eyes Jimmy can see or a voice that he can hear but one with an unearthly fury that only grows as each ship rises An opponent whose anger is unleashed in the explosiveness of its assault on the shoreline And an opponent who waits patiently and menacingly for Jimmy to make a mistake Because if he does then the lake

Mysterious Disappearances and Haunting Tales Gayle Soucek, 2022 What disturbing secrets surround the cold deep waters of Lake Michigan Sudden violent storms and rocky shoals have claimed the lives of countless mortals foolish enough to brave the treacherous surf of Lake Michigan But is there another unnatural force at work A force that spirited away a ship's captain from a locked cabin without a trace A force that caused a perfectly airworthy jet to fly into the waves taking all its passengers to a watery death Perhaps these tragedies are linked to numerous UFO sightings over the lake Or perhaps a clue might be found in the prehistoric Stonehenge like structures discovered deep beneath the crystalline blue surface Historian and storyteller Gayle Soucek will explore the mysteries behind the area known as the Lake Michigan Triangle
