**A New Handbook of Christian Theologians** Donald W. Musser, 1996 In recent years the flow of Christian theology has been channeled in diverse streams represented by such trends and movements as black theology liberation theology feminist theology and womanist theology To survey this abundance and diversity of current Christian theology this book examines the theologies of representative theologians Particularly to help students navigate the sea of information the editors have identified various routes for reading and have

traced several threads or issues common to many of the essays thus demarcating such recurrent concerns as the ways in which the theologians consider the sources and goals for theology their variant assumptions and conclusions about the nature of God their divergent approaches to understanding the person and purpose of the Christ and their distinct expectations for the destiny of history and faith Popular Religion and Liberation Michael R. Candelaria, 1990-01-01 El tema del libro es la ambivalencia de la religiosidad popular para la teología de la liberación y para la liberación misma Enfoca el asunto en dos posiciones de opuesta apreciación de la religiosidad popular la de Juan Carlos Scannone y la de Jua

**Popular Voices in Latin American Catholicism** Daniel H. Levine, 2014-07-14 Throughout Latin America observers and activists have found in religion a promise of deep and long lasting democratization But for religion to change culture and politics religion itself must change Such change is not only a matter of doctrine ritual or institutional arrangements but also arises out of the needs values and ideas of average believers Combining rich interviews and community studies in Venezuela and Colombia with analysis of broad ideological and institutional transformations Daniel Levine examines how religious and cultural change begins and what gives it substance and lasting impact The author focuses on the creation of self confident popular groups among hitherto isolated and dispirited individuals Once silent voices come to light as peasants and urban barrio dwellers reflect on their upbringing and community on poverty and opportunity on faith prayer and the Bible and on institutions like state school and church Levine also interviews priests sisters and pastoral agents and explains how their efforts shape the links between popular groups and the larger society The result is a clear understanding of how relations among social and cultural levels are maintained and transformed how programs are implemented why they succeed or fail and how change appears both to elites and to ordinary people Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
