Bacardi Hernando Calvo Ospina,2002-07-20 The Bacard rum company is one of the most successful and recognisable brands in the world It spends millions on marketing itself as the spirit of youth and vitality But behind its image as a party drink lies a very different story In this book investigative journalist Hernando Calvo Ospina brings to light the commercial and political activities of the Bacard empire to reveal its role in fostering the 40 year long confrontation between the United States and the revolutionary government of Cuba Through meticulous research Ospina reveals how directors and shareholders of the family owned firm have aggressively worked to undermine the Castro government He explores how they have been implicated in supporting paramilitary organisations that have carried out

terrorist attacks and reveals their links to the extreme right wing Cuban American Foundation that supported Ronald Reagan's Contra war in Nicaragua. Bacard The Hidden War explains the company's hand in promoting special interest legislation against its competitor Havana Club Rum which is manufactured in Cuba and promoted by the European company Pernod Ricard. Ospina reveals the implications of Bacard's involvement in this growing dispute that threatens to create a trade war between America and Europe. Exploring the Bacard empire's links to the CIA as well as its inside links with the Bush administration, this fascinating account shows how multinational companies act for political as well as economic interests.
