Our Little One ,1867 The Beginning of The Little One's , Welcome The Little One (For Men) Elsie

J.Guy,2015-12-27 The pending arrival of a baby is a wonderful time It doesn't matter what the circumstances when a new baby comes into the world it is a true miracle As is expected much of the focus in the delivery room is on the woman After all she is the one who is enduring the pain of childbirth What many people don't consider is that the men in the delivery room have their own issues as well Years ago men weren't allowed in the delivery room Guys were relegated to the waiting room left to pace a hole in the floor as they waited for their offspring to be born Today however there has been an enormous shift in tradition with 90 per cent of dads now taking a hands on approach in the birthing process The journey begins not only with conception but with choosing the nursery furniture picking out names and taking Lamaze classes Even with the best of training guys may still feel out of place when attending the birth of a child With the advent of birthing rooms taking the place of the sterile operating room grandparents uncles friends and even siblings are invited into the birth experience Obviously you cannot know exactly what it feels like to carry and birth a newborn however you can learn as much as possible about all the stages of pregnancy labor delivery and newborn bonding Perhaps once you understand the prenatal class basics you might start having doubts about how you will be able to handle it all Try to set those uncomfortable thoughts aside Studies show that men are more likely to get and stay involved in the care and nurturing of their children if they are present at the births So what's a guy to do If you're the father to be you have probably heard the horror stories You're called every name in the book You're blamed for everything from inflation to the price of gas to getting your gal in the situation she's in It's normal It's probably going to happen But how do you deal with it That's hard to say But the birthing experience is still something every guy can well not exactly enjoy but at the very least participate in It all begins with the onset of labor The pains begin She screams with each contraction What do you do At this point running to the store for a late night craving is out of the question Right now you're expected to be the supportive one But you're confused and aren't sure exactly what to do It can be difficult watching someone you love in pain and childbirth IS PAINFUL It's like a pain you as a man can never know Research shows that when a woman has a supportive birth partner this reduces her need for pain killing drugs and increases her satisfaction with the birth experience This also can reduce her stresses and worries about being a mother and make her more confident after the baby is born Having a familiar face can be very reassuring There are many things you can do to help the momma to be along the way to becoming a full fledged mother You may be confused especially when things start getting a little frantic and they will With the help of this book you'll be much more prepared for the birthing experience In these pages you'll be better prepared to help with back labor understanding what happens in the birthing room easing the pain of mom and dealing with your own feelings of helplessness It can be a daunting and scary experience but you CAN get through it just like SHE can Enjoy your ebook Welcome the little one for men *Little One-Yard Wonders* Rebecca
