

The Long Shadow Of Franklin D Roosevelt

Michael Heale

The Long Shadow Of Franklin D Roosevelt:

The Long Shadow of Franklin D. Roosevelt Ann M. Wolf, 1966 **The Long Shadow of Franklin D. Roosevelt** Ann M. Wolf, 1974 *The Long Shadow of Default* David James Gill, 2022-10-25 Rethinking the causes and consequences of Britain's default on its First World War debts to the United States of America The Long Shadow of Default focuses on an important but neglected example of sovereign default between two of the wealthiest and most powerful democracies in modern history The United Kingdom accrued considerable financial debts to the United States during and immediately after the First World War In 1934 the British government unilaterally suspended payment on these debts This book examines why the United Kingdom was one of the last major powers to default on its war debts to the United States and how these outstanding obligations affected political and economic relations between both governments The British government's unpaid debts cast a surprisingly long shadow over policymaking on both sides of the Atlantic Memories of British default would limit transatlantic cooperation before and after the Second World War inform Congressional debates about the economic difficulties of the 1970s and generate legal challenges for both governments up until the 1990s More than a century later the United Kingdom's war debts to the United States remain unpaid and outstanding David James Gill provides one of the most detailed historical analyses of any sovereign default He brings attention to an often neglected episode in international history to inform, refine and sometimes challenge the wider study of sovereign default **The White House Gardens and Grounds**, 2010

FDR's World D. Woolner, W. Kimball, D. Reynolds, 2008-10-27 This volume assesses Franklin Roosevelt's role as war leader from the vantage point of the twenty-first century by looking at different aspects of his foreign policy **The Historical Present**, **The American Century and Beyond** George C. Herring, 2017-01-23 In his last years as president of the United States an embattled George Washington yearned for a time when his nation would have the strength of a Giant and there will be none who can make us afraid At the turn of the twentieth century the United States seemed poised to achieve a position of world power beyond what even Washington could have imagined In *The American Century and Beyond* U.S. Foreign Relations 1893-2014 the second volume of a new split paperback edition of the award-winning *From Colony to Superpower* George C. Herring recounts the rise of the United States from the dawn of what came to be known as the American Century This fast-paced narrative tells a story of stunning successes and tragic failures illuminating the central importance of foreign relations to the existence and survival of the nation Herring shows how policymakers defined American interests broadly to include territorial expansion access to growing markets and the spread of the American way of life He recounts the United States' domination of the Caribbean and Pacific its decisive involvement in two world wars and the eventual victory in the half-century Cold War that left it after the collapse of the Soviet Union the world's lone superpower But the unipolar moment turned out to be stunningly brief Since the turn of the twenty-first century conflicts in Afghanistan and Iraq and the emergence of nations such as Brazil Russia India and China have left the United States in a position that is

uncertain at best A new chapter brings Herring s sweeping narrative up through the Global War on Terror to the present

Franklin D. Roosevelt Michael Heale,2002-01-04 This compact study assesses the personality political and economic policies in war and peace of America s longest serving president and one of the most important political figures of the twentieth century Franklin D Roosevelt Also providing an overview of the America over which Roosevelt presided the book offers a concise survey of both domestic and foreign affairs

Franklin D. Roosevelt Robert Dallek,2018-11-06 Named a Best Book of the Year by The Washington Post and NPR We come to see in FDR the magisterial central figure in the greatest and richest political tapestry of our nation s entire history Nigel Hamilton Boston Globe Meticulously researched and authoritative Douglas Brinkley The Washington Post A workmanlike addition to the literature on Roosevelt David Nasaw The New York Times Dallek offers an FDR relevant to our sharply divided nation Michael Kazin Will rank among the standard biographies of its subject Publishers Weekly A one volume biography of Roosevelt by the 1 New York Times bestselling biographer of JFK focusing on his career as an incomparable politician uniter and deal maker In an era of such great national divisiveness there could be no more timely biography of one of our greatest presidents than one that focuses on his unparalleled political ability as a uniter and consensus maker Robert Dallek s *Franklin D Roosevelt A Political Life* takes a fresh look at the many compelling questions that have attracted all his biographers how did a man who came from so privileged a background become the greatest presidential champion of the country s needy How did someone who never won recognition for his intellect foster revolutionary changes in the country s economic and social institutions How did Roosevelt work such a profound change in the country s foreign relations For FDR politics was a far more interesting and fulfilling pursuit than the management of family fortunes or the indulgence of personal pleasure and by the time he became president he had commanded the love and affection of millions of people While all Roosevelt s biographers agree that the onset of polio at the age of thirty nine endowed him with a much greater sense of humanity Dallek sees the affliction as an insufficient explanation for his transformation into a masterful politician who would win an unprecedented four presidential terms initiate landmark reforms that changed the American industrial system and transform an isolationist country into an international superpower Dallek attributes FDR s success to two remarkable political insights First unlike any other president he understood that effectiveness in the American political system depended on building a national consensus and commanding stable long term popular support Second he made the presidency the central most influential institution in modern America s political system In addressing the country s international and domestic problems Roosevelt recognized the vital importance of remaining closely attentive to the full range of public sentiment around policy making decisions perhaps FDR s most enduring lesson in effective leadership

The American Presidency Sidney M. Milkis,Michael Nelson,2021-12-22 The American Presidency examines the constitutional foundation of the executive office and the social economic political and international forces that have reshaped it along with the influence individual presidents have had

Authors Sidney Milkis and Michael Nelson look at each presidency broadly focusing on how individual presidents have sought to navigate the complex and ever changing terrain of the executive office and revealing the major developments that launched a modern presidency at the dawn of the twentieth century By connecting presidential conduct to the defining eras of American history and the larger context of politics and government in the United States this award winning book offers perspective and insight on the limitations and possibilities of presidential power
