Martin, Andy Mangels, 2012-09-18 Nearly a decade after Captain Kirk vanished his protégé Captain Hiraku Sulu of the USS Excelsior leads a dangerous mission into uncharted political waters Unprecedented peace talks with the violently xenophobic Tholian Assembly trigger a deadly confrontation aboard the Excelsior Now Sulu and his crew including Chekov Rand Chapel Tuvok and Akaar are thrust into an unexpected conflict between the Tholians and a mysterious new enemy the Neyel whose origins if revealed could lead to war with Earth itself As the Tholians weave a web of vengeance the Excelsior is flung beyond the galaxy and the crew discovers the hidden truth about the alien Neyel forcing Sulu to question where his responsibilities lie with the fragile peace he must preserve or with the victims of his own world's tragic past *The Lost Colony of Roanoke* Brandon Fullam, 2017-04-11 When Governor John White sailed for England from Roanoke Island in August 1587 he left behind more than 100 men women and children They were never seen again by Europeans For more than four centuries the fate of the Roanoke colony has remained a mystery despite the many attempts to construct a satisfactory convincing explanation New research suggests that all past and present theories are based upon a series of erroneous assumptions that have persisted for centuries Through a close examination of the early accounts previously unknown or unexamined documents and native Algonquian oral tradition this book deconstructs the traditional theories What emerges is a fresh narrative of the ultimate fate of the Lost Colony **Free Trade and Free Ports in the Mediterranean** Giulia Delogu, Koen Stapelbroek, Antonio Trampus, 2024-07-12 How did free trade emerge in early modern times How did the Mediterranean as a specific region with its own historical characteristics produce a culture in which the free port appeared What was the relation between the type of free trade created in early modern Italy and the development of global trade and commercial competition between states for hegemony in the eighteenth century And how did the position of the free port originally a Mediterranean invention develop over the course of time The contributions to this volume address these questions and explain the institutional genealogy of the free port Free Trade and Free Ports in the Mediterranean analyses the atypical history and conditions of the Mediterranean region in contradistinction with other regions as an explanation for how and why

free ports arose there This volume engages with the diffusion of free ports from a Mediterranean to a global phenomenon whilst staying focused on how this diffusion was experienced in the Mediterranean itself The contributions to this volume bring together the traditional issues of religious openness and tolerance in physically separated areas and the role of consuls and governors via fiscal techniques architectural and administrative aspects with questions about geopolitical balance and primacy The book will be of interest to scholars in a wide range of historical sub disciplines early modern Mediterranean global economic political and institutional just to mention a few and to students wishing to perfect their knowledge of the Mediterranean and its global interconnections and of the origins of free trade **Summary of Mitchell Zuckoff's Lost in**

Formed at the turn of the nineteenth century to protect America s strategic interests in the Caribbean the 65th Infantry consisted of Puerto Rican soldiers and sergeants and American and Puerto Rican officers Although in existence for almost fifty years the 65th had not experienced intense combat until Korea Despite a lack of previous wartime experience the regiment did extremely well from September 1950 to August 1951 establishing a solid reputation as a dependable infantry unit The combat performance of the unit began to slip from the summer of 1951 to the autumn of 1952 when major failures occurred first at Outpost Kelly in late September and then at Jackson Heights a month later After the failures at Outpost Kelly and Jackson Heights the Army

recognized that these problems had to be decisively addressed or the regiment's combat effectiveness would be permanently degraded. The Army reconstituted the 65th as a fully integrated infantry regiment in the spring of 1953. By that June the regiment had redeemed itself in the eyes of the Army's senior leadership. The unit's colors remained in Korea until November 1954 when they returned to Puerto Rico.
