The Luck In The Head:

The Luck in the Head Michael John Harrison, Ian Miller, 1991 **The Luck in the Head** M. John Harrison, Ian Miller, 1993 This eerie and visually arresting tale is set in the grotesque city of Uroconium where Ardwick Crome dreams of a strange ritual from his childhood The women of his village pursue a lamb to eat a pie made from its head is considered good luck But in his dream the living animal itself is offered to Ardwick Crome and the gift's significance makes it too dangerous to accept *The Witch's Head* Sir Henry Rider Haggard, 2011-01-01 When Mr Cardus left the sitting room where he had been talking to Ernest he passed down a passage in the rambling old house which led him into a courtyard On the farther side of the yard which was walled in stood a neat red brick building one story high consisting of two rooms and a passage On to this building were attached a series of low green houses and against the wall at the farther end of these houses was a lean to in which stood the boiler that supplied the pipes with hot water The little red brick building was Mr Cardus's office for he was a lawyer by profession the long tail of glass behind it were his orchid houses for orchid growing was his sole amusement The out ensemble office and orchid houses seemed curiously out of place in the gray and ancient courtyard where they stood looking as they did on to the old one storied house scarred by the passage of centuries of tempestuous weather Some such idea seemed to strike Mr Cardus as he closed the door behind him preparatory to crossing the courtyard Queer contrast he muttered to himself very queer Something like that between Reginald Cardus Esquire Misanthrope of Dum's Ness and Mr Reginald Cardus Solicitor Chairman of the Stokesly Board of Guardians Bailiff of Kesterwick etc And yet in both cases they are part of the same establishment Case of old and new style Mr Cardus did not make his way straight to the office He struck off to the right and entered the long line of glass houses walking up from house to house till he reached the partition where the temperate sort were placed to bloom and which was connected with his office by a glass door Through this last he walked softly with a cat like step till he reached the door where he paused to observe a large coarse man who was standing at the far end of the room looking out intently on the courtyard Ah my friend he said to himself so the shoe is beginning to pinch Well it is time Then he pushed the door softly open passed into the room with the same cat like step closed it and seating himself at his writing table took up a pen Apparently the coarse looking man at the window was too much absorbed in his own thoughts to hear him for he still stood staring into space **The Gorgon's Head** William R. Brashear, 2008-05-01 William R Brashear deals with tragedy not as a dramatic literary genre but as a basic way of experiencing the universe and of reacting to it The writer of tragedy forces readers to confront much more than a tragic flaw in a single character he forces them to confront the gorgon's head itself the ultimate chaos of the universe For him Aristotle's intellectualization of tragedy distorted it for centuries because the tragic sense of life is experiential and intuitive rather than logical and syllogistic In the later works of Schopenhauer Nietzsche and Spangler Brashear finds the beginnings of the understanding of tragedy that developed in nineteenth and twentieth century literature In careful considerations of such writers as Shakespeare Tennyson Conrad

Housman Shaw O'Neill and Arthur Miller Brashear refines his views of tragedy and tests their validity The chapter on Tennyson supersedes and goes well beyond The Living Will his earlier study of the poet Brashear's discussions of individual writers reinforce each other and point to several important conclusions about the tragic vision and tragic art Most significant among his conclusions is that tragedy is often taken to be more benign and positive than it really is and that if the tragic experience is essentially healthy and rewarding it is so because it involves a confrontation that broadens strengthens and stabilizes and not because it suggests any ultimate solution to the human condition *A Dictionary of the Kalispel Or Flat-head Indian Language* Joseph Giorda, 1879 This rare dictionary was begun by Gregory Mengarini S J in the 1840s

How Much Does Your Head Weigh? Marg Meikle, 2010-08 Former CBC Radio host Marg Meikle's three humorous but fact-filled books *You Asked for It* *Funny You Should Ask* and *Ask Me Anything* are now available in an omnibus bindup at a sensational price The award-winning books are included in their entirety along with over 140 illustrations Here are the answers to all the questions that hundreds of kids asked her questions that would likely stump most adults Half the fun of reading the answers is the off on a tangent with more facts approach that Marg is famous for using Among the hundreds of trivia questions answered are Why is 13 unlucky Why don't tattoos come off Do twins have the same DNA Why is it called a funny bone What did we use before toilet paper Do animals dream Why can't you tickle yourself Over 300 wacky but informative answers fill the pages grouped under themes of Customs Holidays Superstitions Food The Opposite Sex and more

The Witch's Head Henry Rider Haggard, 2022-11-13 Sir Henry Rider Haggard 1856-1925 was an English writer of adventure novels and dark fantasy stories set in exotic locations predominantly Africa and a pioneer of the Lost World literary genre Ernest did not sleep well that night the scene of the evening haunted his dreams and he awoke with a sense of oppression that follows impartially on the heels of misfortune folly and lobster salad Nor did the broad light of the summer day disperse his sorrows indeed it only served to define them more clearly Ernest was a very inexperienced youth but inexperienced as he was he could not but recognise that he had let himself in for an awkward business Extract *West*
