Scientists Against Time H. A. Feiveson, 2018-03-12 In early 1942 the fate of the Allies appeared dire Germany had conquered most of Western Europe and its armies were deep into Russia Japan had overrun Manchuria the Philippines and the Dutch East Indies had conquered large swathes of China and had destroyed much of the US battle fleet at Pearl Harbor But the tide of World War II turned dramatically in favor of the Allies and in this Allied scientists played a critical role The chapters covered in this book include an Overview summary of the entire war the Battle of Britain the Battle of the Atlantic against the German U boats the battle for command of the air the Allied breaking of the German Enigma cipher D Day and

the Allied invasion of Europe and the Manhattan Project to develop an atomic bomb Harold Feiveson is a deep student of history a masterful story teller and one of the pioneers in the global cooperative effort to stop the spread of nuclear weapons This book provides a new integrated overview of the remarkable technical achievements by the U S and British scientists who helped turn the tide of World War II Although the war seemed endless to the participants the number of world shaping developments that occurred during the six years after the world s industrialized countries committed themselves to total war is both remarkable and terrifying The final breakthrough nuclear weapons led to a post war nuclear arms race whose dangerous legacy of destructive potential we are still struggling with today Frank von Hippel Professor of Public and International Affairs emeritus Princeton University An authoritative introduction to what Winston Churchill called the wizard war Feiveson s examination of the crucial role played by science and technology in World War II will appeal to both specialists and military history buffs Colonel Paul L Miles U S Army Retired former lecturer in history Princeton University

E BOOK *Canadian Books in Print. Author and Title Index* ,1975 **Chronobiology of Marine Organisms** Ernest Naylor,2010-02-04 Do intertidal organisms simply respond to the rise and fall of tides or do they possess biological timing and navigation mechanisms that allow them to anticipate when conditions are most favourable How are the patterns of growth development and reproduction of some marine plants and animals related to changes in day length or to phases of the moon The author describes how marine organisms from single cells to vertebrates on sea shores in estuaries and in the open ocean have evolved inbuilt biological clockwork and synchronisation mechanisms which control rhythmic processes and navigational behaviour permitting successful exploitation of highly variable and often hostile environments Adopting a hypothesis testing and experimental approach the book is intended for undergraduate and postgraduate students of marine biology marine ecology animal behaviour oceanography and other biological sciences and also as an introduction for researchers including physiologists biochemists and molecular biologists entering the field of chronobiology **The Blackwater** Paul Smith,2021-06-10 The past and present collide as history repeats itself If DCI William Constable is to catch a killer and expose an international drug trafficking ring before it is too late he will need to stray from the path to which fate

has called him But nothing can deviate him from his preordained path to death nothing except a ghostly reincarnation whose timely appearances from beyond the grave are all that stand between him and his fate Canadian Books in Print 2002 Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses The Jersey Surf Diaries Nick Honachefsky, 2014-01-01 Seasonal strategies from a veteran of the surf Ten year compilation of detailed journals Rigs and effective methods for bass blues weakfish sharks and more Best spots along the Jersey coast Engaging Environments in Tonga Arne Aleksej Perminow, 2022-03-11 On March 11 2011 a tsunami warning was issued for Tonga in Polynesia On the low and small island of Kotu people were unperturbed in the face of impending catastrophe The book starts out from the puzzle of peoples responses and reactions to this warning as well as their attitudes to a gradual rise of sea level and questions why people seemed so unconcerned about this and the accompanying loss of land The book is an ethnography of the relationship between people and their environment based on fieldwork over three decades **Where To Watch Birds in Somerset, Gloucestershire and Wiltshire** Ken Hall, 2019-04-18 The ultimate resource for birders visiting the ornithologically rich counties of Somerset Gloucestershire and Wiltshire These countries are among Britain s finest in terms of habitat diversity and their avifaunas are comparatively rich as a result Much has changed in the region since the previous edition of this book the famous Avalon marshes for example have become one of Britain s finest hotspots for wetland birds for example but this brand new fourth edition offers a completely updated review of all the major sites and many more lesser known ones with new text and fully revised maps throughout Where to Watch Birds in Somerset Gloucestershire and Wiltshire is indispensable for any birder looking to head out into this ornithologically special corner of England **Waters of Discord** Rodman L. Underwood, 2008-04-01 At the beginning of the American Civil War the Federal government imposed a blockade of the southern coast of the Confederate States of America including the dark corner of the Confederacy Texas Much of the fighting in Texas during the Civil War took place in the state s coastal counties and the adjoining Gulf of Mexico waters and nearly all of these engagements were involved in one way or another with the Union blockade of the Texas coast This book examines all major blockade related land and sea engagements in and near Texas and also includes many minor ones It begins with a discussion of the blockade s creation and then concentrates on the successful Confederate efforts to evade the blockade by shipping cotton out of Mexico and in return receiving materiel and civilian goods through that neutral nation The author also covers political intrigue and the spy activity with the French who had invaded Mexico The book concludes with an analysis of the effectiveness of the Union blockade of Texas
