**Smokey the Raccoon** Peggy Featherstone,1999 The summertime adventures of a lonely young farm girl and the raccoon she has adopted *Tales of the Mockingbird* Maxwell Morgan,2022-11-03 Ask the Mighty Dove and he will tell you that what we see isn't always what is really going on The two short stories within this book will show you some of the things we people don't know about when it comes to God's critters Wild animals and insects like ant lions an insect that you may have never heard of and bears and snakes and even raccoons have their own stories in life and this book gets down and dirty to what goes on when we are not looking to see what they are up to Now add in some friendly nanobots named Ti and it really gets interesting The life of Smokey the raccoon will never be the same not after what Lulu the unicorn puts him and his adopted family and friends through You have no idea but once you start reading this one you're not going to put down this book until the end The author hopes that before you finish reading this book maybe you will use Google to see what an ant lion is because they really are neat little critters Enjoy **Book of Wonders in Poetry** George L.
