**Parents and Families of Students With Special Needs** Vicki A. McGinley, Melina Alexander, 2017-01-05 Parents and Families of Students With Special Needs Collaborating Across the Age Span teaches students the skills they need to effectively collaborate with parents and families to ensure a child's success in the classroom. Authors Vicki A. McGinley and Melina Alexander's text takes a lifespan approach with a special emphasis on the critical transition points in a child's life. Information is provided on what can be seen at each stage of an individual with disabilities' development and addresses concerns and needs that families may have during these unique phases of growth. Chapters written by professors and professionals who are also parents of students with special needs bring a diverse range of voices into the narrative. The authors provide an in-depth discussion of how parents and families are affected by particular disabilities, family system theory, the laws that affect individuals with disabilities, and assessments for individuals with disabilities. [Video-Based Aural Rehabilitation Guide](#) Linda L. Daniel, Sneha V. Bharadwaj, 2019-10-21 The Video Based Aural Rehabilitation Guide: Enhancing Listening and Spoken Language in Children and Adults is the first aural rehabilitation book of its kind to intertwine chapter text with over 200 captioned videos. This unique resource is intended to educate undergraduate and graduate students in speech language pathology, audiology, and education of the deaf and hard of hearing, as well as enhance the knowledge and skills of practicing professionals. The extensive videos are also an invaluable resource for students enrolled in a clinical or student teaching practicum. Videos feature speech language pathologists, audiologists, Listening and Spoken Language Specialists, teachers of the deaf and hard of hearing, early interventionists, otologists, and occupational therapists practicing in settings such as clinics, private practices, schools, hospitals, and the community. Topics addressed in the text and videos include hearing technologies, aural rehabilitation procedures, factors that affect intervention outcomes, fundamentals of assessment, supports for education, counseling for children and adults with hearing loss, and the psychosocial well-being of persons with hearing loss and their families. The Video Based Aural Rehabilitation Guide can be used as a stand-alone text or as a companion alongside the most frequently used aural rehabilitation textbooks. **Key Features:** Over 200 captioned videos accessible on a companion site; Collaboration among 14 professionals in audiology, speech language pathology, Listening and Spoken Language, medicine, education, research, and psychology; Chapters with concise summaries, recommended resources for further learning, and study questions with answer keys; Background information on the individuals featured in the videos. This exciting new text with instructional videos is a much-needed bridge that integrates the disciplines of speech language pathology, audiology, and education of the deaf and hard of hearing to educate professionals serving children and adults with hearing loss and their families. **NOTE:** This ebook has 200 embedded videos which could make it slower to download and open than a text-only ebook. **Video Modeling for Young Children with Autism Spectrum Disorders** Brenna Noland, Sarah Murray, 2012-09-15 This book provides step-by-step guidance for using innovative video modeling techniques to support the
