In the Blink of an Eye Stefana Sabin,2021-08-12 From monocles to pince nez and goggle eyes a cultural and technological history of glasses in fact and fiction This book examines those who wore glasses through history art and literature from the green emerald through which Emperor Nero watched gladiator fights to Benjamin Franklin s homemade bifocals and from Marilyn Monroe s cat eye glasses to the famed four eyes of Emma Bovary and Harry Potter Spectacles are objects that seem commonplace but In the Blink of an Eye shows that because they fundamentally changed people s lives glasses were the wellspring of a quiet social cultural and economic revolution Indeed one can argue that modernity itself began with the paradigm shift that transformed poor eyesight from a severely limiting disease treated with pomades and tinctures into a minor impairment that can be remedied with mechanisms constructed from lenses and wire Eyeglass Retrospective Nancy Schiffer,2000 Examples of eyewear from the seventeenth century to the present are shown in over 600 color photos and explained in an engaging text This book provides an overview for identifying and dating vintage eyewear for the growing numbers of collectors Explore ways in which eyeglass design has developed to reflect both popular fashion and scientific investigation The designs of frames and lenses were changed as more comfortable and practical styles were invented In the mid twentieth century eyeglass makers carefully sought high profile entertainers to wear their designs in order to promote their companies Advertising worked its magic and the general public came to prefer the advertised designs Examples of eyewear from the seventeenth century to the present are shown in over 600 color photos and explained in an engaging text Bifocals monocles pince nez fanciful and safety styles of eyeglasses and sunglasses are shown along with some price
