*Defining Americans* Mary E. Stuckey,2023-03-17 Andrew Jackson spoke to Americans in ways that reflected the concerns of a young nation Grover Cleveland helped citizens redefine themselves after the havoc of the Civil War era FDR confronted widespread hardship with hope and determination while Eisenhower spoke to our fears of the Communist menace Throughout our history presidents by their very utterances have shaped our sense of who we are as Americans As Mary Stuckey observes presidents embrace articulate and reinvigorate our sense of national identity They define who Americans are often by declaring who they aren't In this book she shows how presidential speech has served to broaden the American political community over the past two centuries while at the same time excluding others Ranging broadly from Andrew Jackson to Bill Clinton and George W Bush Stuckey demonstrates how presidents accomplish the dual enactment of inclusion and exclusion through their rhetorical and political choices Our early leaders were preoccupied with balancing the growing nation later presidents were concerned with the nature and definitions of citizenship By examining the political speeches of presidents exemplifying distinctly different circumstances she presents a series of snapshots which when taken together reveal both the continuity and the changes in our national self understanding Ambitious and sweeping Stuckey's work documents the tactics that have naturalized and legitimated inclusion and exclusion tracing the progress of groups such as women and African Americans from political invisibility to partial visibility and eventual inclusion She also shows how the terms of inclusion have varied with changing political winds helping us understand how depictions of the powerless by the powerful reflect and influence the status of various groups Stuckey's analysis shows how presidents use language rooted in their times and circumstances to frame and influence contemporary definitions of citizenship A provocative book that documents the changes in our understanding of who is and who isn't one of us *Defining Americans* reveals that all presidents draw upon the same set of national ideals values and events but not all use those ideas in precisely the same ways      **The Spectator** ,1904      *The Spectator Handy Guide to Standard and Special Life Insurance Contracts, Non-forfeiture Values and Actuarial Tables Useful to the Life Underwriter* ,1900      **The Spectator Handy Guide to Standard and Special Contracts, Premium Rates, Non-forfeiture Values, Annuities and War Risk Provisions** ,1904      **The Spectator Insurance Year Book** ,1927      *Someone Else's Music* Alexandra Wilson,2025-07-02 *Someone Else's Music* reveals a hidden history of popular opera going in Britain which defies the opera elitism stereotype At the same time the book traces how when and why that stereotype arose      *International Who's Who of Authors and Writers 2004* Europa Publications,2003 Accurate and reliable biographical information essential to anyone interested in the world of literature *The International Who*
