Treasure Island is an adventure novel by Scottish author Robert Louis Stevenson narrating a tale of buccaneers and buried gold. First published as a book on May 23 1883 it was originally serialized in the children's magazine *Young Folks* between 1881-82 under the title *Treasure Island or the mutiny of the Hispaniola* with Stevenson adopting the pseudonym Captain George North. Traditionally considered a coming of age story *Treasure Island* is an adventure tale known for its atmosphere characters and action and also as a wry commentary on the ambiguity of morality as seen in Long John Silver unusual for children's literature now and then. It is one of the most frequently dramatized of all novels. The influence of *Treasure Island* on popular perceptions of pirates is enormous including treasure maps marked with an X, schooners, the Black Spot, tropical islands and one-legged seamen carrying parrots on their shoulders.

The Mysterious Island (French: *Le mystérieux*) is a novel by Jules Verne published in 1874. The novel is a crossover sequel to Verne's famous *Twenty Thousand Leagues Under the Sea* and *In Search of the Castaways* though thematically it is vastly different from those books. An early draft of the novel initially rejected by Verne's publisher and wholly reconceived before publication was titled *Shipwrecked Family Marooned With Uncle Robinson* seen as indicating the influence on the novel of *Robinson Crusoe* and *The Swiss Family Robinson*. The book tells the adventures of five American prisoners of war on an uncharted island in the South Pacific. Beginning in the American Civil War as famine and death ravage the city of Richmond Virginia five northern POWs decide to escape in a rather unusual way by hijacking a balloon. This is only the beginning of their adventures.

[The District School Journal of the State of New-York](#) ,1849 **The Mysterious Island (World Classics, Unabridged)** Jules Verne,2016-10-01

The Mysterious Island follows the adventures of a group of castaways who use their survivalist savvy to build a functional community on an uncharted island. A hot air balloon carrying five passengers and a dog escapes from Richmond Va during the American Civil War. It is blown off course and deposited near an obscure island. One of the castaways nearly dies after a skirmish with pirates; he is saved by the unexplained appearance of medicine after the pirates are unexpectedly routed. The group later discovers that their secret helper is the reclusive Captain Nemo first introduced in Verne's *Twenty Thousand Leagues Under the Sea* who dies and is buried at sea in his submarine. The castaways are eventually saved by a passing ship.
