

Steps to Spelling

"Irregular" Words

What are "Irregular" Words?

Irregular words are words that do not use predictable spelling patterns. Most irregular words only have one sound that is not predictable (put, has, what). Others may seem irregular because they use a phonics rule that is unfamiliar. There are also a few that are very irregular (of, come, could).

How Should We Practice Irregular Words?

Follow the same steps as you would with regular words. When you get to step 6, ask your student(s) what letter or letters they would expect to use with the sounds in that word. Explain to your student(s) that one or more of the sounds uses unexpected letters. Then, follow these steps:

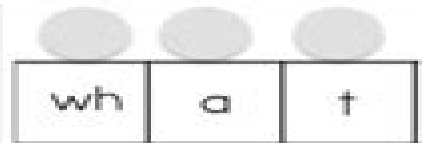

1. Count the Sounds.

2. Draw that many squares. Place an object (like a penny) in each square.

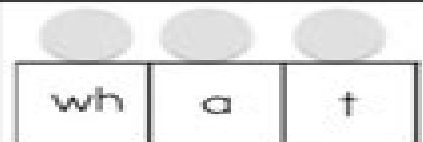

3. Student pushes the objects out of the boxes and says the sounds, one by one. Parent will write the letters that make those sounds, pointing out the irregulars. Ask questions like: "What would you expect to see here?" (u). "What letter is used instead?" (a). "Which letters make the /w/ sound?" (wh).

4. Repeat the word, then say the sounds as you underline the letters that represent the sounds.

5. Hide the word. Repeat step 3, this time allowing the student to do the writing.

6. Rewrite the word and say the letters, enunciating the irregulars: "w-h", (pause) "A" (say louder), "t". Go back and trace the irregular letter(s) in another color.
