landscape has been enacted to control sexual bodies which exerts its influence even in our secular culture The Good News of the Body is a wide ranging anthology on feminist sexual theology Noting that Jesus while being declared divine took human form the volume questions what happens when the flesh rather than the Word is placed at the center of theological reflection What happens when women s bodies form the incarnational starting point for sexual politics and theology Contributors including Rosemary Ruether Mary Hunt and Melissa Raphael examine such topics as the possibility of a Roman Catholic approach to sexuality bringing together the three aspects of Christian love of eros philia and agape Jewish sexual and mystical teaching the de sexing of the disabled erotic celibacy human sexuality and the concept of the goddess and the sometimes surprisingly similar conclusions about contraception reached by feminists and popes
