Polar Bears Mark Haddon, 2014-05-08 *Polar Bears* is a captivating tale by award winning writer Mark Haddon Balancing humour and pathos it tells of one man's struggle to love support and live with someone suffering from a psychological condition With an elliptical structure and teasing timeline the play handles the subject sensitively with vivid sympathetically drawn characters and nicely balanced dialectics *Polar Bears* is thought provoking and intelligent with echoes of Nietzschean philosophy and it refuses to offer any easy answers for those embroiled in mental instability The plot is as follows John has never met anyone like Kay When the moon is in the right phase she is magnetic and amazingly alive But when the darkness closes in she is lost to another world a world in which John does not belong Mark Haddon is a hugely celebrated writer who is best known for his 2003 novel *The Curious Incident of The Dog in the Night Time* which won a

string of prestigious awards including the Whitbread Book of the Year It quickly became an international bestseller was printed in 32 countries and translated into 15 languages Polar Bears is his first work for the theatre and will enjoy a high profile premiere at the Donmar Warehouse 1 April 22 May directed by Jamie Lloyd and starring Jodhi May and Richard Coyle The Culture has just named Polar Bears one of top 100 hottest tickets for 2010 The Pier Falls Mark Haddon, 2016-05-10 From Mark Haddon author of The Curious Incident of the Dog in the Night Time A Spot of Bother and The Red House nine dazzling stories diverse in style but united in emotional power The tales in Mark Haddon's lyrical and uncompromising new collection take many forms Victorian adventure story science fiction morality tale contemporary realism but they all showcase his virtuoso gifts as a stylist and the deep well of empathy that made his three bestselling novels so compelling The characters here are often isolated physically or estranged from their families yet they yearn for connection In aggregate the stories become a meditation on the essential aloneness of the human condition but also on the connections however tenuous and imperfect that link people to one another In the title story an unnamed narrator describes with cool precision a catastrophe that strikes a seaside town both tearing lives apart and bringing them together In the prizewinning story The Gun a boy's life is marked by the afternoon he encounters a semiautomatic pistol belonging to his friend's older brother in The Island a Greek princess is abandoned on an island by her abductor in The Boys Who Left Home to Learn Fear a group of adventurers travel deep into the Amazonian jungle but discover the gravest danger lurking among their own number and in The Woodpecker and the Wolf a woman wonders whether she has chosen to travel to Mars only to escape the entanglement of human relationships back here on Earth Drawing inventively from history myth folktales and modern life The Pier Falls showcases Haddon's immense gifts of invention and penetrating insight **Dogs and Monsters** Mark Haddon, 2025-10-21 From the terrifyingly talented London Times author of THE CURIOUS INCIDENT OF THE DOG IN THE NIGHT TIME and THE PORPOISE eight mesmerizingly imaginative deeply humane stories that use Greek myths and contemporary dystopian narratives to examine mortality moral choices and the many variants of love Greek myths have fascinated people for millennia seeing in them lessons about fate and hubris and the contingency of existence Mark Haddon digs into the heart of these ancient fables and sees them anew The dawn goddess Eos asked Zeus to give her lover Tithonus eternal life but forgets to ask for eternal youth In The Quiet Limit of the World Haddon imagines Tithonus life as he slowly ages over thousands of years turning the cautionary tale of tempting the gods into a spellbinding meditation on witnessing death from the outside and ultimately how carnal love evolves into something richer and more poignant with time In The Mother's Story Haddon takes the myth of the minotaur in his labyrinth in which the beast is the spawn of the monstrous lust of the king's wife Pasiphae and turns it into a wrenching parable of maternal love for a damaged child and the more real monstrosities of patriarchy Other stories play with contemporary mythic tropes genetic engineering trying to escape the future the viciousness of adolescent ostracism to showcase how modern humans are subject to the same capriciousness that obsessed

the Greeks Throughout Haddon's supple prose showcases his astonishing powers of observation of both the physical world and the workings of the psyche His vision is clear eyed but always resolutely empathetic
