Gender Talk Johnnetta B. Cole, Beverly Guy-Sheftall, 2009-01-16 Why has the African American community remained silent about gender even as race has moved to the forefront of our nation's consciousness In this important new book two of the nation's leading African American intellectuals offer a resounding and far reaching answer to a question that has been ignored for far too long Hard hitting and brilliant in its analysis of culture and sexual politics *Gender Talk* asserts boldly that gender matters are critical to the Black community in the twenty first century In the Black community rape violence against women and sexual harassment are as much the legacy of slavery as is racism Johnnetta Betsch Cole and Beverly Guy Sheftall argue powerfully that the only way to defeat this legacy is to focus on the intersection of race and gender *Gender Talk* examines why the race problem has become so male centered and how this has opened a deep divide between Black women and men The authors turn to their own lives offering intimate accounts of their experiences as daughters wives and leaders They examine pivotal moments in African American history when race and gender issues collided with explosive results from the struggle for women's suffrage in the nineteenth century to women's attempts to gain a voice in the Black Baptist movement and on into the 1960s when the Civil Rights movement and the upsurge of Black Power transformed the Black

community while sidelining women Along the way they present the testimonies of a large and influential group of Black women and men including bell hooks Faye Wattleton Bylye Avery Cornell West Robin DG Kelley Michael Eric Dyson Marcia Gillispie and Dorothy Height Providing searching analysis into the present Cole and Guy Sheftall uncover the cultural assumptions and attitudes in hip hop and rap in the O J Simpson and Mike Tyson trials in the Million Men and Million Women Marches and in the battle over Clarence Thomas s appointment to the Supreme Court Fearless and eye opening Gender Talk is required reading for anyone concerned with the future of African American women and men *The Disappearing L* Bonnie J. Morris,2016-07-29 A 2018 Over the Rainbow Selection presented by the Gay Lesbian Bisexual and Transgendered Round Table GLBTRT of the American Library Association LGBT Americans now enjoy the right to marry but what will we remember about the vibrant cultural spaces that lesbian activists created in the 1970s 80s and 90s Most are vanishing from the calendar and from recent memory The Disappearing L explores the rise and fall of the hugely popular women only concerts festivals bookstores and support spaces built by and for lesbians in the era of woman identified activism Through the stories unfolding in these chapters anyone unfamiliar with the Michigan festival Olivia Records or the women s bookstores once dotting the urban landscape will gain a better understanding of the era in which artists and activists first dared to celebrate lesbian lives This book offers the backstory to the culture we are losing to mainstreaming and assimilation Through interviews with older activists it also responds to recent attacks on lesbian feminists who are being made to feel that they ve hit their cultural expiration date **Postcolonism** Diana Brydon,2023-01-06 First published in 2004 This is Volume III of Postcolonialism part of a series of critical concepts in literary and cultural studies This edition includes part six on Orientalisms part seven on Thinking Working Through Race and part eight which covers Feminisms and Gender Analysis Color Struck Julius O. Adekunle,Hettie V. Williams,2010-02-24 Color Struck Essays of Race and Ethnicity in Global Perspective is a compilation of expositions on race and ethnicity written from multiple disciplinary approaches including history sociology women s studies and anthropology This book is organized around a topical chronological framework and is divided into three sections beginning with the earliest times to the contemporary world The term race has nearly become synonymous with the word ethnicity given the most recent findings in the study of human genetics that have led to the mapping of human DNA Color Struck attempts to answer questions and provide scholarly insight into issues related to race and ethnicity Black Women, Agency, and the New Black Feminism Maria del Guadalupe Davidson,2017-02-17 The powerful Beyonc formidable Rihanna and the incalculable Nikki Minaj Their images lead one to wonder are they a new incarnation of black feminism and black women s agency or are they only pure fantasy in which instead of having agency they are in fact the products of the forces of patriarchy and commercialism More broadly one can ask whether black women in general are only being led to believe that they have power but are really being drawn back into more complicated systems of exploitation and oppression Or are black women subverting patriarchy by challenging notions of their subordinate and

exploitable sexuality In other words who is playing who Black Women Agency and the New Black Feminism identifies a generational divide between traditional black feminists and younger black women While traditional black feminists may see for example sexualized images of black women negatively and as an impediment to progress younger black women tend to embrace these new images and see them in a positive light After carefully setting up this divide this enlightening book will suggest that a more complex understanding of black feminist agency needs to be developed one that is adapted to the complexities faced by the younger generation in today s world Arguing the concept of agency as an important theme for black feminism this innovative title will appeal to scholars teachers and students interested in black feminist and feminist philosophy identity construction subjectivity and agency race gender and class
