Talking Work An Oral History:

Talking Work Trevor Blackwell,Jeremy Seabrook,1996 In a series of interviews spanning the 20th century people talk about what work or the lack of it means to them The voices of coachmen bootmakers servants and steel workers are echoed in the conversations of truck drivers print shop workers hairdressers and redundant miners These life stories reveal connections between work and identity and raise questions about what happens to that identity when work becomes ever more elusive

Working People Speak Jörg Wiegratz,Joseph Mujere,Joost Fontein,2024-10-11 This book presents a re engagement with oral histories as a way of documenting understanding and discussing experiences of work and economic life in Africa under neoliberal capitalism It draws on seven case studies in South Africa Zimbabwe Uganda and South Sudan from the late 1980s to the present to offer a critical analysis of neoliberal transformations and realities at the incisive level of peoples biographies The last few decades have witnessed unprecedented changes in the working lives of people across the African continent Oral historical accounts of working lives can offer unique and productive insights into these changes by allowing analyses of neoliberalism that focuses on personal experiences over the longue dur e Yet there has been a surprising dearth of oral histories of work since the emergence of neoliberalism in the 1980s Compared to scholarship published more than half a century ago there has been a decline in the use of oral histories to explore experiences of living and working under capitalism By grounding analysis in biographical details histories and dynamics the chapters in this book seek better understandings of the wider life contexts challenges and circumstances in which people s agency emerges unfolds gains traction and gets re shaped and a better grasp of the multiple entangled layers and temporalities of life and work in capitalist Africa This book will be indispensable to students and researchers interested in political economy development studies anthropology sociology history and African Studies The chapters in this book were originally published as a special issue of Third World Thematics and are accompanied by a new Foreword and Afterword

Oral History Off the Record A. Sheftel,S. Zembrzycki,2013-09-11 Because oral history interviews are personal interactions between human beings they rarely conform to a methodological ideal These reflections from oral historians provide honest and rigorous analyses of actual oral history practice that address the complexities of a human centered methodology

Recording Oral History Valerie Raleigh Yow,2005-04-07 In Recording Oral History Second Edition Valerie Raleigh Yow builds on the foundation of her classic text with a fully updated and substantially expanded new edition One of the most widely used and highly regarded textbooks ever published in the field Yow s updated edition now includes new material on using the internet an examination of the interactions between oral history and memory processes and analysis of testimony and the interpretation of meanings in different contexts It will interest researchers and students in a wide variety of disciplines including history sociology anthropology education psychology social work and ethnographic methods

Talking Hawaii's Story Michiko Kodama-Nishimoto,Warren Nishimoto,Cynthia A. Oshiro,2009-05-01 Talking Hawaii s Story is the first major book in over a

generation to present a rich sampling of the landmark work of Hawaii's Center for Oral History. Twenty-nine extensive oral histories introduce readers to the sights and sounds of territorial Waikiki to the feeling of community in Palama in Kona or on the island of Lanai and even to the experience of a German national interned by the military government after Pearl Harbor. The result is a collection that preserves Hawaii's social and cultural history through the narratives of the people who lived it: co-workers, neighbors, family members, and friends. An Introduction by Warren Nishimoto and Michi Kodama Nishimoto provides historical context and information about the selection and collection methods. Photos of the interview subjects accompany each oral history. For further reading, an appendix also provides information about the Center for Oral History's major projects.

Oral History in the Visual Arts Matthew Partington, Linda Sandino, 2013-08-15 Interviews are becoming an increasingly dominant research method in art, craft, design, fashion, and textile history. This groundbreaking text demonstrates how artists, writers, and historians deploy interviews as creative practice, as history, and as a means to insights into the micro-practices of arts production and identity that contribute to questions of voice, authenticity, and authorship. Through a wide range of case studies from international scholars and practitioners across a variety of fields, the volume maps how oral history interviews contribute to a relational practice that is creative, rigorous, and ethically grounded. Oral History in the Visual Arts is essential reading for students, researchers, and practitioners across the visual arts.

The Oral History Reader Robert Perks, Alistair Thomson, 1998 Arranged in five thematic parts, *The Oral History Reader* covers key debates in the post-war development of oral history.

Handbook of Oral History Thomas L. Charlton, Lois E. Myers, Rebecca Sharpless, 2008-03-13 In recent decades, oral history has matured into an established field of critical importance to historians and social scientists alike. *Handbook of Oral History* captures the current state of the art, identifies major strands of intellectual development, and predicts key directions.

Talk about Sex Janice M. Irvine, 2004 Describes the political transformations, cultural dynamics, and affective rhetorics that together helped ignite the passionate conflicts over sex education on both the national and local levels in the United States.

Oral History, Community, and Work in the American West Jessie L. Embry, 2013-10-03 Nurses, show girls, housewives, farm workers, casino managers, and government inspectors: together, these hard-working members of society contributed to the development of towns across the West. The essays in this volume show how oral history increases understanding of work and community in the twentieth-century American West. In many cases, occupations brought people together in myriad ways. The Latino workers who picked lemons together in Southern California report that it was baseball and Cinco de Mayo Queen contests that united them. Mormons in Fort Collins, Colorado, say that building a church together bonded them together. In separate essays, African Americans and women describe how they fostered a sense of community in Las Vegas. Native Americans detail the Indian economy in Northern California. As these essays demonstrate, the history of the American West is the story of small towns and big cities, places both isolated and heavily populated. It includes groups whose history has often been neglected. Sometimes, western history has

mirrored the history of the nation at other times it has diverged in unique ways Oral history adds a dimension that has often been missing in writing a comprehensive history of the West Here an array of oral historians including folklorists librarians and public historians record what they have learned from people who have in their own ways made history
