The Sea in World History Stephen K. Stein, 2017-04-24 This two volume set documents the essential role of the sea and maritime activity across history from travel and food production to commerce and conquest In all eras water transport has served as the cheapest and most efficient means of moving cargo and people over any significant

distance Only relatively recently have railroads and aircraft provided an alternative Most of the world s bulk goods continue to travel primarily by ship over water Even today 95 percent of the cargo that enters and leaves the United States does so by ship Similarly people around the world rely on the sea for food and in recent years the sea has become an important source of oil and other resources with the longterm effects of our continuing efforts to extract resources from the sea further highlighting environmental concerns that range from pollution to the exhaustion of fish stocks This chronologically organized two volume reference addresses the history of the sea beginning with ancient civilizations 4000 to 1000 BCE and ending with the modern era 1945 to the present day Each of the eight chapters is further broken down into sections that focus on specific nations or regions offering detailed descriptions of that area of the world and shorter entries on specific topics individuals and events The book spans maritime history covering major seafaring peoples and nations famous explorers travelers and commanders events battles and wars key technologies including famous ships important processes and ongoing events such as piracy and the slave trade and more Readers will benefit from dozens of primary source documents ranging from ancient Egyptian tales of seafaring to texts by renowned travelers like Marco Polo Zheng He and Ibn Battuta that provide firsthand accounts from the age of discovery as well as accounts of battle from World War I and II and more modern accounts of the sea

The Muslim Merchants of Premodern China John W. Chaffee, 2018-05-31 In this major new history of Muslim merchants and their trade links with China John W Chaffee uncovers 700 years of history from the eighth century when Muslim communities first established themselves in southeastern China through the fourteenth century when trade all but ceased These were extraordinary and tumultuous times Under the Song and the Mongols the Muslim diaspora in China flourished as legal and economic ties were formalized At other times the Muslim community suffered hostility and persecution Chaffee shows how the policies of successive dynastic regimes in China combined with geopolitical developments across maritime Asia to affect the fortunes of Muslim communities He explores social and cultural exchanges and how connections were maintained through faith and a common acceptance of Muslim law This ground breaking contribution to the history of Asia the early Islamic world and to maritime history explores the networks that helped to shape the pre modern world
