Remembering Tanizaki Jun'ichiro and Matsuko Anthony Chambers, 2017-09-26 Remembering Tanizaki Jun ichir and Matsuko provides previously unpublished memories anecdotes and insights into the lives opinions personalities and writings of the great novelist Tanizaki Jun ichir 1886 1965 and his wife Matsuko 1903 1991 gleaned from the diaries of Edward Seidensticker and two decades of Anthony Chambers s conversations with Mrs Tanizaki and others who were close to the Tanizaki family Searching for Japan Michele Monserrati, 2020 This book pursues the specific case of Italian travel narratives in the Far East through a focus on the experience of Japan in works by writers who visited the Land of the Rising Sun beginning in the Meiji period 1868 1912 and during the concomitant opening of Japan s relations with the West Drawing from the fields of Postcolonial and Transnational Studies analysis of these texts explores one central question what does it mean to imagine Japanese culture as contributing to Italian culture Each author shares in common an attempt to disrupt ideas about dichotomies and unbalanced power relationships between East and West Proposing the notion of relational Orientalism this book suggests that Italian travelogues to Japan in many cases pursued the goal of building imaginary transnational communities predicated on commonalities and integration by claiming what they perceived as Oriental as their own In contrast with a long history of Western representations of Japan as inferior and irrational Searching for Japan identifies a positive overarching attitude toward the Far East country in modern Italian culture Expanding the horizon of Italian transnational networks normally situated within the Southern European region this book reinstates the existence of an alternative Euro Asian axis operating across Italian history **The Grand Old Man and the Great Tradition** Luisa Bienati, Bonaventura Ruperti, 2020-08-06 In 1995 on the thirtieth anniversary of Tanizaki Jun ichir s death Adriana Boscaro organized an international conference in Venice that had an unusually lasting effect on the study of this major Japanese novelist Thanks to Boscaro s energetic commitment Venice became a center for Tanizaki studies that produced two volumes of conference proceedings now considered foundational for all scholarly works on Tanizaki In the years before and after the

Venice Conference Boscaro and her students published an abundance of works on Tanizaki and translations of his writings contributing to his literary success in Italy and internationally The Grand Old Man and the Great Tradition honors Boscaro's work by collecting nine essays on Tanizaki's position in relation to the great tradition of Japanese classical literature To open the collection Edward Seidensticker contributes a provocative essay on literary styles and the task of translating Genji into a modern language Gaye Rowley and Ibuki Kazuko also consider Tanizaki's Genji translations from a completely different point of view documenting the author's three separate translation efforts Aileen Gatten turns to the influence of Heian narrative methods on Tanizaki's fiction arguing that his classicism far from being superficial reflects a deep sensitivity to Heian narrative Tzevetana Kristeva holds a different perspective on Tanizaki's classicism singling out specific aspects of Tanizaki's eroticism as the basis of comparison The next two essays emphasize Tanizaki's experimental engagement with the classical literary genres Amy V Heinrich treats the understudied poetry and Bonaventura Ruperti considers a 1933 essay on performance arts Taking up cinema Roberta Novelli focuses on the novel Manji exploring how it was recast for the screen by Masumura Yasuz The volume concludes with two contributions interpreting Tanizaki's works in the light of Western and Meiji literary traditions Paul McCarthy considers Nabokov as a point of comparison and Jacqueline Pigeot conducts a groundbreaking comparison with a novel by Natsume Soseki
