Tank Rider Into The Reich With The Red Army:

Tank Rider Evgeni Bessonov, 2005 Now in paperback The dramatic memoirs of a Russian officer on the Eastern Front The defeat of Germany from the perspective of the Red Army Honest and irrepressibly frank Bessonov's dramatic memoirs reveal just what it was like to fight on the Eastern Front There he played a part in this clash of titans and he witnessed the shuddering collapse of the Third Reich The cataclysmic battle of Kursk in 1943 put an end to Hitler's hopes of victory on the Eastern Front and it was Bessonov's first battle From then on the Germans were forced into a long bitter retreat that ended in the ruins of Berlin in 1945 At the forefront of the drive to expel the Germans from the Soviet Union and push on to the gates of the Reich's capital were men like Evgeni Bessonov A tank rider and officer in an elite guards unit of the Red Army Bessonov rode tanks from Kursk through a western Russia and Poland devastated by the Germans and right into the heart of Nazi Germany Tank Rider is the atmospheric memoir of Evgeni Bessonov telling of his years of service in the vanguard of the Red Army and daily encounters with the German foe He brings large scale battles alive recounts the sniping and skirmishing which tried and tested soldiers on both sides and narrates the overwhelming tragedy and horror of apocalyptic warfare on the Eastern Front **TANK RIDER. EVGENI. BESSONOV, 2017** Combat and Morale in the North African Campaign Jonathan Fennell, 2011-02-17 Military professionals and theorists have long understood the relevance of morale in war Montgomery the victor at El Alamein said following the battle that the more fighting I see the more I am convinced that the big thing in war is morale Jonathan Fennell in examining the North African campaign through the lens of morale challenges conventional explanations for Allied success in one of the most important and controversial campaigns in British and Commonwealth history He introduces new sources notably censorship summaries of soldiers' mail and an innovative methodology that assesses troop morale not only on the evidence of personal observations and official reports but also on contemporaneously recorded rates of psychological breakdown sickness desertion and surrender He shows for the first time that a major morale crisis and stunning recovery decisively affected Eighth Army's performance during the critical battles on the Gazala and El Alamein lines in 1942 Into the Reich Prit Buttar, 2025-09-11 Enriched by extraordinary first hand accounts this is a fascinating history of the dying days of the Third Reich as Stalin sought to consolidate his own empire In January 1945 the Red Army launched a powerful offensive across the Vistula River to drive the Wehrmacht out of Poland with the intention of securing a start line for an operation that would ultimately result in the capture of Berlin and the end of the war But as Prit Buttar expertly reveals there were other issues at play Stalin was determined to push the boundaries of the Soviet Union further west restoring land lost by the tsars and securing vast industrial and mineral wealth While negotiations took place between the Allied powers regarding the fate of Poland the Red Army burst through the German lines liberating Auschwitz even as the SS drove concentration camp inmates onto frozen roads in a series of death marches The Wehrmacht staged a desperate fight back with their last major armoured offensive on the Eastern Front Launched in February 1945 from

the German Polish border it forced a halt to the Soviet forces on the banks of the Oder before the rush to Berlin Written by an acknowledged expert on the Eastern Front and packed with first hand accounts this is the definitive account of the strategic goals both military and political of Stalin his generals and their armies as they raced into the Reich and of the German forces who stood in the way **Total War** Michael Jones,2011-06-09 In February 1943 German forces surrendered to the Red Army at Stalingrad and the tide of war turned By May 1945 Soviet soldiers had stormed Berlin and brought down Hitler s regime Total War follows the fortunes of these fighters as they liberated Russia and the Ukraine from the Nazi invader and fought their way into the heart of the Reich It reveals the horrors they experienced the Holocaust genocide and the mass murder of Soviet POWs and shows the Red Army brutalized by war taking its terrible revenge on the German civilian population For the first time Russian veterans are candid about the terrible atrocities their own army committed But they also describe their struggle to raise themselves from the abyss of hatred Their war against the Nazis which in large part brought the Second World War in Europe to an end is a tarnished but deeply moving story of sacrifice and redemption

Tank Rider Evgeni Bessonov,2017-01-31 A sobering account of conflict on the Eastern Front of World War II told from the perspective of a Russian soldier Honest and irrepressibly frank these are the dramatic memoirs of a Russian officer on the Eastern Front where he played his part in a clash of titans and witnessed the shuddering collapse of the Third Reich The cataclysmic battle of Kursk in 1943 put an end to Hitler s hopes of victory on the Eastern Front and it was Evgeni Bessonov s first battle From then on the Germans were forced into a long bitter retreat that ended in the ruins of Berlin in 1945 An officer in an elite guards unit of the Red Army Bessonov rode tanks from Kursk through a western Russia and Poland devastated by the Germans and right into the heart of Nazi Germany Tank Rider is the riveting memoir of Evgeni Bessonov telling of his years of service at the vanguard of the Red Army and daily encounters with the German foe He brings large scale battles to life recounts the sniping and skirmishing that tried and tested soldiers on both sides and narrates the overwhelming tragedy and horror of apocalyptic warfare on the Eastern Front So much of the Soviet experience of World War II remains untold but this memoir provides an important glimpse into some of the most decisive moments of this overlooked history Skyhorse Publishing along with our Arcade Good Books Sports Publishing and Yucca imprints is proud to publish a broad range of biographies autobiographies and memoirs Our list includes biographies on well known historical figures like Benjamin Franklin Nelson Mandela and Alexander Graham Bell as well as villains from history such as Heinrich Himmler John Wayne Gacy and O J Simpson We have also published survivor stories of World War II memoirs about overcoming adversity first hand tales of adventure and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home **Typhoon over Moscow** Thomas Broderick,2005-03-03 During the predawn hours of June 22 1941 over 3 5 million German troops and thousands of tanks planes and armored vehicles slammed

into the Soviet Unions Western Frontier Hitlers Operation Barbarossa had begun and stretched on a front spanning nearly 2 000 kilometers from north to south The opening weeks of the Great Patriotic War as it is known in Russia were an unmitigated disaster for the Red Army Brave soldiers like Lieutenant Alexander Semenov and General Nikolai Petrenko struggled heroically to shore up their countrys defenses and halt Germanys three pronged advance the center of which was aimed right at the very heart and capital of their beloved motherland Moscow With the entire civilian population mobilized thousands of men women and children toiled without rest digging fortifications and deep anti tank trenches out of the rich black soil of Mother Russia Industrial workers from across the country labored to crate every piece of equipment not already in German hands and shipped them east to the Urals out of harms way Thousands of vital war industries large and small sprung up from the frozen earth and within weeks were producing the vital tools needed to bring the fight to the Fascists invaders As far as the German Army was concerned the drive east into the depths of Russia was little different from any of her previous conquests However true professional soldiers the likes of Colonel Wilhelm Eichorn knew better Russia was a vast country with an unforgiving climate If the campaign to destroy the Soviet field army and capture Moscow was not completed before the onset of the next brutal Russian winter disaster was certain The annals of history were littered with the wreckage of armies that learned getting into Russia was easy getting out was not As fall neared and the German summer successes began to fade Hitler mustered his forces for one final decisive push to seize Moscow and end the war Operation Typhoon had begun

Russian War Films Denise Jeanne Youngblood,2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II

The Fall of Berlin Anthony Tucker-Jones,2024-06-01 In April 1945 Soviet forces descended on Berlin in the final phase of the war in Europe The fighting was fierce as soldiers fanatically loyal to the Nazi party and those afraid of the vengeance their opponents might enact sought to stave off the end of the regime as long as possible Even as it became clear that defeat was inevitable Hitler and his subordinates determined to fight to the bitter end resulting in a bitter brutal end to the war As the Russian tanks crushed the remaining pockets of resistance the city was turned into a nightmarish dystopia Pillage plunder mass rape and unceasing destruction followed In this vivid illustrated account the author covers both German and allied viewpoints exploring explores the strategies the battles the civilian experiences and the personalities involved in this fateful the final days of the Third Reich

The Dictators Richard Overy,2022-05-31 A book of great importance it surpasses all others in breadth and depth Commentary If the past century will be remembered for its tragic pairing of civilized achievement and organized destruction at the heart of darkness may be found Hitler Stalin and the systems of domination they forged Their lethal regimes murdered millions and fought a massive deadly war Yet their dictatorships took shape within formal constitutional structures and drew the support of the German and Russian people In the first major historical work to analyze the two dictatorships together in depth Richard Overy gives

us an absorbing study of Hitler and Stalin ranging from their private and public selves their ascents to power and consolidation of absolute rule to their waging of massive war and creation of far flung empires of camps and prisons The Nazi extermination camps and the vast Soviet Gulag represent the two dictatorships in their most inhuman form Overy shows us the human and historical roots of these evils
