Tanzania's Ujamaa Villages :

Ujamaa Villages in Tanzania as a Cooperative Solution to the Problems of the Rural Poor, 1975 **Tanzania's ujamaa villages** Dean Eugene McHenry, 1979 **Socialist and Self-Reliance In Tanzania** Kimse A.B. Okoko, 2024-11-01 This study developed from a keen interest in the politics of contemporary Africa especially in regard to the seemingly intractable problem of political dependence with its economic correlate of underdevelopment The most interesting contemporary work on African political economy explores the link between economic underdevelopment and political dependence Development and independence are seen as moving in the same direction in the long run even if in the short run there appear to be inherent contradictions in their immediate needs in a concrete situation The focus of this work emphasizes the internal contradictions such as exist between the bureaucracy and the political leadership within Tanzania rather than the external linkages **Costs, Returns and Repayment Experience of Ujamaa Villages in Tanzania** Jean M. Due, 1980-02-29 *Tanzania* Jannik Boesen, 1986 Research papers development policy economic and social development failures Tanzania population growth economic recession manufacturing agriculture farming economic policy erosion control fuelwood macroeconomics agricultural mechanization green revolution rural women small scale industry handicrafts water supply health service ILO mentioned Graphs maps references statistical tables Ujamaa Ralph Ibbott, 2014-11-20 **"The smell of Ujamaa is still there"** Daniel Mann, 2017-12-04 Fifty years after the Arusha Declaration this book sets out to reevaluate one of the most important roots of Tanzania's Ujamaa Socialism The Ruvuma Development Association Based on a basic democratic movement of young politicized farmers this organization not only brought together up to 18 cooperative villages in southwestern Tanzania it also became the inspiration for President Nyerere to put his vision of a modern socialist society built on the image of the traditional extended family into a concrete development model on national scale Led by a participative understanding of empirical research this explorative study has analyzed the local history of Ujamaa in three case study villages within Ruvuma Through employing a mix of expert and narrative interviews as well as group interviews and villager questionnaires the study sheds new light on the local perceptions of Ujamaa history and communal development as well as on the interrelations between local and national scale on Tanzania's path of development It identifies the recent farmers groups *vikundi* as some of the most important heirs to the Nation's socialist ideology and concludes that in many aspects the smell of Ujamaa is still there Tanzania Kjell J. Havnevik, 1993 Tanzania Andrew Coulson, 2013-07-25 Tanzania in the 1970s was at the forefront of policy innovation Near universal primary education access to health services and supplies of clean water subsequently became mainstream ambitions in Africa and elsewhere But its policies towards agricultural and industrial production failed and left the country in a particularly weak position when it faced the demands of structural adjustment in the 1980s This book originally published in 1982 has been reissued with a new introduction which brings its themes up to the present when income from gold mining and natural gas is making Tanzania one of the most

dynamic economies in Africa today The author first an economic civil servant in Tanzania later an academic at the University of Dar es Salaam was in a unique position to write it drawing on his own experiences as well as the plethora of ideas and debates in Dar es Salaam in the 1970s The book has stood the test of time not only because of the range of material it covers but more profoundly because of the approach it takes to the work of Tanzania s founding president Julius Nyerere sympathetic to his ideas deeply critical of failures in implementation 25 short easily read chapters take the story of Tanzania from pre colonial times to the present and show how Nyerere was hemmed in by what he inherited from the German and British colonialists who ran the country up to Independence in 1961 It provides an invaluable introduction to anyone coming to the country for the first time and offers a profound assessment of the theoretical debates that have made Tanzania of such interest to students of development Technology for Ujamaa Village Development in Tanzania David Jeremiah Vail, 1975
