Tao At Work On Leading And Following:

Understanding Leadership Robert M. McManus, Gamaliel Perruci, 2019-12-09 Laozi Marx the Buddha Ibsen Machiavelli these are just a few of the world's great thinkers who have weighed in on the subject of leadership over the centuries. Yet the contemporary student of leadership often overlooks many of these names in favor of more recent theorists hailing from the social sciences. Understanding Leadership An Arts and Humanities Perspective takes a different angle, employing the works of the great philosophers, authors, and artists found in world civilization and presenting an arts and humanities perspective on the study of leadership. The authors build their conceptual framework using their Five Components of Leadership Model, which recognizes the leader, the followers, the goal, the context, and the cultural values and norms that make up the leadership process. Supporting the text are a wealth of case studies that reflect on works such as Ayn Rand's novella *Anthem*, Eugène Delacroix's painting *Liberty Leading the People*, Charlie Chaplin's film *Modern Times*, Athol Fugard's play *Master Harold and the Boys*, Laozi's poetic work *Dao De Jing*, and Antonín Dvořák's *New World Symphony*. The authors also introduce studies from various world cultures to emphasize the role that cultural values and norms play in leadership. This illuminating framework promotes the multidimensional thinking that is necessary for understanding and problem solving in a complex world. Understanding Leadership An Arts and Humanities Perspective will be a valuable resource for both undergraduate and postgraduate leadership students, while leadership professionals will also appreciate the book's unique liberal arts and cultural approach.

Dante's Cubicle Carl L. Harshman, Ryan D. Harshman, 2015-02-23 This is a business fiction, but the stories are based on real-life events. Michael, a young enthusiastic engineer in his first full-time job, narrates life with this worker-bee colleagues in the world of cubicles. The colleagues are a diverse group of individuals one is likely to find in such a setting. Early in the book, a mysterious character appears to engage Michael in dialogues about what is going on in the Archangel Corporation. This mysterious individual provides perspective and occasional advice to Michael on what he is experiencing and how he might engage it going forward. Everyone who has worked in an American corporation can identify with Michael's and the group's experiences and gain some perspective on the alternatives during the journey.

The Tao at Work Stanley M. Herman, 1994-09-05 In today's world where many of us feel strapped with responsibility yet pressured and uncertain, the search for clear direction and personal courage can be a difficult one. Now available in paperback, *The Tao at Work* adapts each of the eighty-one timeless passages from the *Tao te Ching* to life in the modern world using humorous contemporary parables to illuminate their applications. Anyone in transition or struggling to find the balance between work and life will discover the powerful uses of the *Tao te Ching* and come to a place where walls turn into doors and serenity and confidence reign.
