Tao Of Gender

Tarynn M. Witten

Tao Of Gender:

The Tao of Gender Tarynn M. Witten, 2002-04-25 The concept of gender is one that is static for many and malleable for some Many mistakenly interchange gender with sexuality Some argue that it is cultural environmental while other say that it is genetic What is gender The answer continues to elude Tarynn Whitten s introspective work seeks to explore the mystery of gender identity through an integration of various principles of Taoism The Tao of Gender grew out of a personal need to provide peaceful reading for those who seek The Way on their journey through life in a world where transgenderism and transsexuality are all too often misunderstood The author hopes to help those on this journey to find balance by tapping into their infinite capacity for resourcefulness and wisdom within What readers are saying This book is a gift of inspiration and insight for those who experience gender fluidity or want to explore the nature of trans genderism Tarynn artfully weaves the personal and the philosophical creating a tapestry of gender and Taoism with threads of self discovery and renewal Randi Ettner Ph D author of *Gender Loving Care and Confessions of a Gender Defender* *The Golden Key: Modern Women Artists and Gender Negotiations in Republican China (1911-1949)* Amanda Wangwright, 2021-08-16 The first monograph devoted to women artists of the Republican period The Golden Key recovers the history of a groundbreaking yet forgotten force in China s modern art world Through its detailed examination of the lives and careers of six female artists Guan Zilan Qiu Ti Pan Yuliang Fang Junbi Yu Feng and Liang Baibo this book argues that women were central to the emergence of modernist art in early twentieth century China and to the nation s larger modernization project Amanda S Wangwright s analysis of a wealth of primary sources demonstrates how these women constructed public personas negotiated space within art societies applied feminist thought to their artistic praxis and surmounted obstacles to their careers wielding art as the golden key to professional advancement and gender equality **Historicising Gender and Sexuality** Kevin P. Murphy, Jennifer M. Spear, 2011-09-07 Historicising Gender and Sexuality features a diverse collection of essays that shed new light on the historical intersections between gender and sexuality across time and space Demonstrates both the particularities of specific formulations of gender and sexuality and the nature of the relationship between the categories themselves Presents evidence that careful and contextualised analysis of the shifting relationship of gender and sexuality illuminates broader historical processes *Buddhism, Sexuality, and Gender* Jos? Ignacio Cabezn, 1992-01-01 This book explores historical textual and social questions relating to the position and experience of women and gay people in the Buddhist world from India and Tibet to Sri Lanka China and Japan It focuses on four key areas Buddhist history contemporary culture Buddhist symbols and homosexuality and it covers Buddhism s entire history from its origins to the present day The result of original and innovative research the author offers new perspectives on the history of the attitudes toward and of the self perception of women in both ancient and modern Buddhist societies He explores key social issues such as abortion he examines the use of rhetoric and symbols in Buddhist texts and cultures and he discusses the neglected

subject of Buddhism and homosexuality *Gender Politics in Modern China* Tani E. Barlow, 1993 Through the lens of modern Chinese literature *Gender Politics in Modern China* explores the relationship between gender and modernity notions of the feminine and masculine and shifting arguments for gender equality in China Ranging from interviews with contemporary writers to historical accounts of gendered writing in Taiwan and semi colonial China to close feminist readings of individual authors these essays confront the degree to which textual strategies construct notions of gender Among the specific themes discussed are how femininity is produced in texts by allocating women to domestic space the extent to which textual production lies at the base of a changing historically specific code of the feminine the extent to which women in modern Chinese societies are products of literary canons the ways in which the historical processes of gendering have operated in Chinese modernity vis vis modernity in the West the representation of feminists as avengers and as westernized women and the meager recognition of feminism as a serious intellectual current and a large body of theory Originally published as a special issue of *Modern Chinese Literature* Spring Fall 1988 this expanded book represents some of the most compelling new work in post Mao feminist scholarship and will appeal to all those concerned with understanding a revitalized feminism in the Chinese context Contributors Carolyn Brown Ching kiu Stephen Chan Sung sheng Yvonne Chang Yu shih Chen Rey Chow Randy Kaplan Richard King Wolfgang Kubin Wendy Larson Lydia Liu Seung Yeun Daisy Ng Jon Solomon Meng Yue Wang Zheng Conversing on Gender G. G. Bolich, 2007-08 *Conversing on Gender* is as its subtitle indicates a primer for entering the broad conversation on gender that can be found both inside and outside of academic circles The book considers the relation of gender to sex and sexuality reviews prominent theories of gender and covers basic gender issues **Bridging the Gap between Theory and Practice in Translation and Gender Studies** Vanessa Leonardi, 2013-11-13 The aim of this work is to share information on two very interesting yet debatable issues within the field of Translation Studies namely gender and translation in an attempt to bridge the gap between theory and practice Given the important relationship between translation and gender since the beginning of the theoretical debate in Feminist Translation Studies the aim of this edited volume is to determine and analyse how this relationship has been approached in different countries not only in Europe but also worldwide Feminist translation is undoubtedly a very interesting and widespread phenomenon which includes and combines questions of language culture gender identity and sexual equality Feminist Translation Studies has established itself as a solid field of research and practice in many countries and its purpose is to reverse the subordinate role of both women and translators in society by challenging and fighting against what is perceived as patriarchal language There are still numerous issues that can be taken into account when focusing on translation and gender and this volume intends to be part of a wider discussion on Translation Studies The volume intends to outline how scholars in various contexts have approached the question of gender and translation the use misuse of the term feminist translation the problematic issue of bridging the gap between theory and practice and to open a new discussion on this field

of research which we believe is still a very interesting one to exploit
