The Tao of Montessori Catherine McTamaney Ed.D.,2007-02-09 If like some you regret that Montessori too rarely in her writings appreciated the humanity of teachers their creativity their curiosity their doubts this book stands as the perfect complement Jola Montessori com Evocative and unique The Tao of Montessori offers a quiet balance to the noisy demands of teaching and parenting through a special blend of encouraging verse Award winning Montessori teacher Catherine McTamaney revisits the eighty one verses of Lao tzu s Tao Te Ching and relates them to the life and work of teachers parents and children Originally meant to remind rather than direct and to show the way toward natural harmony in the world around and within us Lao tzu s verses find a new meaning through McTamaney s skillful mixture of spirituality and education Take a moment to read a single stanza then put it aside and muse upon its meaning By revisiting one verse each day you can relate its images to your life as a teacher parent or child Whether you are familiar with the writings of Lao tzu or are simply ready to explore a refreshingly contemplative perspective on children and teachers The Tao of Montessori is a profound work of intellectual stimulation
