The Irish Folklore Commission 1935-1970 Mícheál Briody, 2008-06-16 Between 1935 and 1970 the Irish Folklore Commission Coimisiún Balaídeasa Éireann underfunded and at great personal cost to its staff assembled one of the world's largest folklore collections. This study draws on the extensive government files on the Commission in the National Archives of Ireland and on a wide variety of other primary and secondary sources in order to recount and assess the work and achievement of this world-famous institute. The cultural, linguistic, political and ideological factors that had a bearing on the establishment and making permanent of the Commission and that impinged on many aspects of its work are here elucidated. The genesis of the Commission is traced and the vision and mission of its Honorary Director Samus Duilearga James Hamilton Delargy is outlined. The negotiations that preceded the setting up of the Commission in 1935 as well as protracted efforts from 1940 to 1970 to place it on a permanent foundation are recounted and examined at length. All the various collecting programmes and other activities of the Commission are described in detail and many aspects of its work are assessed and in some cases reassessed. This study also deals with the working methods and conditions of employment of the Commission's field and Head Office staff as well with Samus Duilearga's direction of the Commission. *West European Prime Ministers* G.W. Jones, 2025-09-12 *West European Prime Ministers 1991* examines the roles played by the prime ministers of seven West European countries: Britain, Germany, France, Italy, Spain, Holland and Ireland. In addition, three general chapters provide a comparative perspective. The main focus is on the power of the prime ministers. Their many and various resources such as their formal authority, their political influence, their administrative support and their personal skills and the constraints on their use of these powers are all examined and analysed. The book also examines the people and organisations prime ministers have dealings with: from cabinets, ministers, parliaments and parties to the civil service, pressure groups and the public, and appraises how well other power centres are resources or supports for the prime minister. It explores the backgrounds and career patterns of prime ministers and the part they play in different policy areas. It assesses trends in prime ministerial power over the last decade and reveals the significance of the personality of the prime minister.

Politics in the Republic of Ireland John Coakley, Michael Gallagher, 2004-08-02 Building on the success of the first two editions, *Politics in the Republic of Ireland* continues to provide an authoritative introduction to all aspects of politics in the Irish Republic. **Plays and Controversies** Ben Barnes, 2008 In diaries covering the period of his artistic directorship of the Abbey, Ben Barnes offers a frank, honest and probing account of a much commented upon and controversial period in the history of the national theatre. These diaries also provide fascinating personal insights into the day-to-day pressures, joys and frustrations of running one of Ireland's most iconic institutions. For over a century now, the Abbey has conducted its love-hate relationship with the Irish public and the wider international audience and in *Plays and Controversies* Ben Barnes illuminates his own eventful chapter in that absorbing story, the impact of a fascinating still-remembered chapter in the story of the

Abbey Theatre related at first hand with a fire and a vigorous sense of commitment comparable to that of the founding fathers Christopher FitzSimons Barnes addresses a moment in Irish cultural history which stands as a many sided cautionary tale It is the tale of an embattled man a courageous man who dares to borrow Yeats s title because he found himself for a time in similar circumstances running the national theatre though in altogether different conditions Chris Murray We believe that this book is an important historical record of a recent tumultuous period in relation to the Abbey Theatre and anticipate that it will make a worthwhile contribution to lively cultural debate on theatre history and politics BOOK JACKET

The Constitution of Ireland Oran Doyle,2018-11-29 This book provides a contextual analysis of constitutional governance in Ireland It presents the 1937 Constitution as a seminal moment in an ongoing constitutional evolution rather than a foundational event The book demonstrates how the Irish constitutional order revolves around a bipartite separation of powers The Government is dominant but is legally constrained by the courts particularly in their interpretations of the fundamental rights protected by the Constitution In recent decades the courts have weakened the constitutional constraints on the Government Political constraints imposed by opposition parties in Parliament and new accountability institutions such as the Ombudsman have moderately strengthened but the Government remains by far the most powerful political actor There is a risk that such executive dominance could lead to democratic decay however the referendum requirement for constitutional amendment has prevented Governments from accumulating greater constitutional power The book begins with an overview of Irish constitutional history leading to the enactment of the 1937 Constitution before exploring the foundational decisions made by the Constitution in relation to territory people and citizenship Particular attention is paid to the constitutional relationship with Northern Ireland currently unsettled by the decision of the United Kingdom to leave the European Union The book details the key institutions of state Government Parliament President and courts before analysing how different constitutional actors exercise their respective powers of governance contestation and oversight A thematic approach is taken to the courts interpretation of fundamental rights showing how judicial attitudes have markedly changed over time Further attention is paid to both formal amendment and informal constitutional change The Constitution today is markedly different from 1937 it is non committal on national reunification less influenced by Roman Catholic natural law teaching and generally more permissive of Government action It is perhaps these developments however that explain its continued success or at least its longevity
