Taoist Astrology:

Taoist Astrology Susan Levitt, 1997-06-01 This guide brings Chinese astrology back to its ancient roots providing all the information you need for understanding one of the world's oldest systems of divination. The ancient Chinese people developed a sophisticated science of astrology that continues to have profound influence in China today. Rooted in the fundamentals of Taoism, it evolved into a system vastly different from Western astrology. Rather than determining personality by the time of the year in which you are born, in Taoist astrology it is the year itself that determines your character. The years form a twelve-year cycle of signs, each named after an animal. Additionally, your personality depends on which of the five traditional Taoist elements you are born under: water, wood, fire, earth, or metal. This makes for a cycle of sixty unique signs. Taoist Astrology includes information for each sign's personality, compatibility, child-parent relations, and rising and falling fortunes during the twelve-year cycle. Discussions of yin and yang, Confucianism, and Buddhism, Taoist alchemy, and the connection between Taoist astrology and Western astrology give you all the background you need for understanding one of the oldest systems of divination known to humanity. Taoist Astrology differs from other books on the subject by grounding its concepts in the ancient traditions from which it originated. [Taoist Astral Healing](#) Mantak Chia, Dirk Oelibrandt, 2004-04-12 While Taoism centers on creating physical health that is deeply rooted in the earth's energies, individuals also require energies from the stars and planets to continue to grow and to develop their full soul potential, as addressed by this step-by-step program.

[Taoist Feng Shui](#) Susan Levitt, 1999-12 Helps readers improve home, business, garden, property, neighborhoods, and much more. *Taoist Astrology* Susan Levitt, 1997-06-01 This guide brings Chinese astrology back to its ancient roots providing all the information you need for understanding one of the world's oldest systems of divination.
