Targeting Firearms Violence Through Directed Police Patrol:

Targeting Firearms Violence Through Directed Police Patrol Edmund F. McGarrell, Steven M. Chermak, Alexander Weiss, 1999 This executive briefing presents the results of a study of a directed police patrol initiative that was intended to reduce firearms crime The report is particularly timely because of several public policy controversies that have emerged in the late 1990s The first of these is gun control In the wake of the Columbine High School murders the nation has been engaged in a debate over the contentious issue of laws governing firearms sales and possession Although this is not a study of gun control the findings of the study should be considered in the public policy debate The second controversial issue relates to the role of traffic enforcement in crime control In the wake of high profile cases such as the Louima and Diallo cases in New York City and questions about racial profiling in traffic enforcement the police find themselves under intense scrutiny for alleged targeting and harassment of African American and other minority citizens Again although this research was not intended to focus on the issue of policing and race the very subject of the investigation places the findings in the middle of these issues Additionally this study informs a debate that has emerged given the reduction of crime in the United States during the 1990s Specifically to what extent do the police influence the level of crime Leadership and

Management in Police Organizations Matthew J. Giblin, 2016-09-16 Built on a foundation of nearly 1 200 references Leadership and Management in Police Organizations is a highly readable text that shows how organizational theory and behavior can be applied to improve the operations leadership and management of law enforcement Author Matthew J Giblin emphasizes leadership and management as separate skills in successful police supervisors and executives illustrating to students how the two skills combine to improve individual and organizational efficacy in policing Readers will come away with a stronger understanding of why organizational decisions matter and the impact research can have on police departments
