The Vampire Tarot Robert M. Place,2015-11-03 The Vampire Tarot ties the tales and mythic figures associated with the vampire legend to the equally iconographic figures and forms of the tarot This book explores the history of the vampire starting with Bram Stoker s classic 1897 novel Dracula as well as those writings that inspired Stoker and the vampire lore that derived from it Stoker and his most famous work were both closely tied to the classic Rider Waite Coleman tarot Now author illustrator Robert M Place brings these two mythic traditions together with this extensively researched book that guides the reader through the subtleties and parallels within The Vampire Tarot providing a guide for getting the most out of reading Sure to delight not only tarot devotees but the general fan of the vampire mythos as well *Tarot of Marseilles - The Fundamentals* Wilfried Houdouin,2021-01-17 Following on from The Sacred Code of Tarot The Rediscovery of the original nature of the Marseilles Tarot 2011 2021 this much anticipated second book from the creator of the Tarot of Marseilles Millennium Edition The regeneration of the traditional Marseilles Tarot sheds unprecedented light on the metaphysics philosophy and symbolism of the mysterious Arcana of this multi secular initiatory Master game This book also presents an in depth approach considering the most recent discoveries of the documented history of the playing cards and the Tarot and provides new essential information that was previously unsuspected dismissed or simply overlooked but which clarifies considerably the genesis and the hitherto obscure history of the Tarot playing cards deck The revolutionary approach to all aspects of the so called Marseilles Tarot presented in this book rich in new information and including

magnificent illustrations including Tarot playing cards never published before in full color finally clarifies the true history signification and original philosophy as well as the modalities of use both visionary and playful of this legendary Book of Thoth Hermes Game of Life and Game of the Government of the World of which it is shown in this work that it effectively constitutes the realization in the form of a deck of playing cards of the fabulous Philosopher's Stone
