Varshphal (Annual Predication) S.P.

Gour, Parashari Jaimini and Tajik are the three most popular systems of Vedic Astrology Parashar gives more importance to the planets while Jaimini considers the rashis to be more important Tajik is mainly used in Prashna Shastra and in Varshaphal Tajik diverts slightly always from the main stream of the traditional methods and employs newer techniques of Astrology Tajik Neelakanthi of Acharya Neelakantha which was composed in the 16th century AD is the base of Tajik Jyotish This does not mean that Varshaphal and Prashna techniques were not practised in vedic Astrology before this Uttar Kalamrit of Kalidas mentions and describes the computation of Varshaphal dasha which is different from the Mudda dasha of Varshaphal Apart from this Shat Panchashikha of Prithyushyas is the established classic of Prashna Shastra which was composed centuries before Tajik Neelakanthi Ancient Kairaleeya Jyotish is also well known for considering Prashna to be their main technique The influence of Greek and Arab culture is clearly seen on the word Tajik Arrival of the invaders from Western Asia initiated the exchange of culture between India and West Asia This exchange introduced some newer techniques to our Vedic Astrology One of these techniques was Tajik This has been marked as the beginning of Tajik jyotish Tajik word does not belong to Sanskrit There are different opinions regarding this issue Some scholars consider it to be a distorted form of the word Jatak Another view is that meaning of Tajik is a horse in Turkish and Persian language The speed of this technique has been compared to that of a horse and for this reason it has been named Tajik In any case the influence of Mohammedans on this knowledge is very clear This is also confirmed by the other words of Tajik namely mudda muntha saham and the names of the Tajik yogas like Ithasal Ikkabal Ishraf nakta radda and khallasar etc Moving at the average speed of 1 per day Sun completes one round of the Zodiac in one year For casting the annual horoscope we select the time when Sun reaches the longitude of the natal Sun The horoscope cast for that date and time becomes the annual horoscope and the Varshaphal is decided on the basis of this horoscope In a similar manner prediction for any year of the person's life can be given on the basis of the annual horoscope In other words the annual horoscope is based on the longitude of the natal Sun and not on the date and time of birth This also means that the date day and time of the annual horoscope is generally different from that of the birth horoscope

Mortimer and the Witches Marie Carter,2024-03-05 UNTAPPED NEW YORK THE BEST NYC BOOKS OF ALL TIME The neglected histories of 19th century NYC's maligned working class fortune tellers and the man who set out to discredit them Under the pseudonym Q K Philander Doesticks P B humor writer Mortimer Thomson went undercover to investigate and report on the fortune tellers of New York City's tenements and slums When his articles were published in book form in 1858 they catalyzed a series of arrests that both scandalized and delighted the public But Mortimer was guarding some secrets of his own and in many ways his own life paralleled the lives of the women he both visited and vilified In Mortimer and the Witches author Marie Carter examines the lives of these marginalized fortune tellers while also detailing Mortimer Thomson's peculiar and complicated biography Living primarily in the poor section of the Lower East Side nineteenth century fortune tellers offered their clients answers to all questions in astrology love and law matters They promised to cure ailments They spoke of loved ones from beyond the grave Yet Doesticks saw them as the worst of the worst evil doers His investigative reporting aimed to stop unsuspecting young women from seeking the corrupt soothsaying advice of these so called clairvoyants and to expose the absurd and woefully inaccurate predictions of these witches Marie Carter views these stories of working class immigrant women with more depth than Doesticks's mocking articles would allow In her analysis and discussion she presents them as three dimensional figures rather than the

caricatures Doesticks made them out to be What other professions at that time allowed women the kind of autonomy afforded by fortune telling Their eager customers many of whom were newly arrived immigrants trying to navigate life in a new country weren't as naive and gullible as Doesticks made them out to be They were often in need of guidance seeking out the advice of someone who had life experience to offer or simply enjoying the entertainment and attention Mortimer and the Witches offers new insight into the neglected histories of working class fortune tellers and the creative ways that they tried to make a living when options were limited for them
