Task Of Criticism

Matthew Arnold

Task Of Criticism:

The Function of Criticism at the Present Time Matthew Arnold, 2007-05-04 Arnold believes that the ultimate function of humankind lies in exercising its creative powers. He delineates the function of criticism in this work saying that it filters the contents that will reach society. That a critic can judge the greatness of a literary piece has been asserted.

A History of German Literary Criticism, 1730-1980 Peter Uwe Hohendahl, Klaus L. Berghahn, 1988-01-01 First published in Germany in 1985 *Geschichte der deutschen Literaturkritik* was quickly recognized as the most original and comprehensive study to date of a proud critical tradition including such giants as Lessing, Goethe and Heine. Now translated into English it will serve as a model for a new approach to literary history in America and elsewhere, one emphasizing the connections of criticism with other public discourse. The editor Peter Uwe Hohendahl has provided an introduction and a chapter. Literary Criticism in the Epoch of Liberalism translated by Jeffrey S. Librett. Filling in the history of German criticism from the Enlightenment to the present are Klaus L. Berghahn of the University of Wisconsin. From Classicist to Classical Literary Criticism 1730-1806 translated by John R. Blazek. Jochen Schulte-Sasse, University of Minnesota. The Concept of Literary Criticism in Romanticism. Russell A. Berman, Stanford University. Literary Criticism from Empire to Dictatorship 1870-1933 translated by Simon Srebrny and Bernhard Zimmerman, University of Tübingen. Developments in German Literary Criticism from 1933 to the Present translated by Franz Blaha.

Walter Benjamin and the Post-Kantian Tradition Phillip Homburg, 2018-11-15 Walter Benjamin and the Post-Kantian Tradition engages with Benjamin as a theorist of a historical and philosophical problematic of modernity, a problematic that he finds manifested in different philosophical guises within scientific empiricism, neo-Kantianism and German Romanticism. The book takes us through these manifestations systematically and in doing so it demonstrates how Benjamin develops a unique form of materialist criticism from within the tension he locates within transcendent neo-Kantianism, materialism and the immanent standpoints of scientific materialism and German Romanticism.

On Criticism Noel Carroll, 2009-06-02 In a recent poll of practicing art critics, 75 percent reported that rendering judgments on artworks was the least significant aspect of their job. This is a troubling statistic for philosopher and critic Noel Carroll, who argues that the proper task of the critic is not simply to describe or to uncover hidden meanings or agendas but instead to determine what is of value in art. Carroll argues for a humanistic conception of criticism which focuses on what the artist has achieved by creating or performing the work. Whilst a good critic should not neglect to contextualize and offer interpretations of a work of art, he argues that too much recent criticism has ignored the fundamental role of the artist's intentions. Including examples from visual performance and literary arts and the work of contemporary critics, Carroll provides a charming, erudite and persuasive argument that evaluation of art is an indispensable part of the conversation of life.

The Rhetorical Function of the Book of Ezekiel Thomas Renz, 2002 In this study Renz argues that the book of Ezekiel functions as a single rhetorical unit designed to address a specific rhetorical situation, shaping the self-understanding of the second generation of

Hermeneutics and Music Criticism Roger W. H. Savage, 2009-09-10 Hermeneutics and Music Criticism forges new perspectives on aesthetics politics and contemporary interpretive strategies By advancing new insights into the roles judgment and imagination play both in our experiences of music and its critical interpretation this book reevaluates our current understandings of music s transformative power The engagement with critical musicologists and philosophers including Adorno Gadamer and Ricoeur provides a nuanced analysis of the crucial issues affecting the theory and practice of music criticism By challenging musical hermeneutics deployment as a means of deciphering social values and meanings Hermeneutics and Music Criticism offers an answer to the long standing question of how music s expression of moods and feelings affects us and our relation to the world Edward Said and the Authority of Literary Criticism Nicolas Vandeviver, 2019-09-26 This book examines the earliest writings of Edward Said and the foundations of what came to be known as postcolonial criticism in order to reveal how the groundbreaking author of Orientalism turned literary criticism into a form of political intervention Tracing Said s shifting conceptions of literature and agency in relation to the history of American literary studies in the thirty years or so between the end of World War II and the last quarter of the twentieth century this book offers a rich and novel understanding of the critical practice of this indispensable figure and the institutional context from which it emerged By combining broad scale literary history with granular attention to the

vocabulary of criticism Nicolas Vandeviver brings to light the harmonizing of methodological conflicts that informs Said's approach to literature and argues that Said's enduring political significance is grounded in his practice as a literary critic
