

# Characteristics of Brief Therapy

---

## Focus

- Typically target specific patterns rather than attempt broader personality changes.

## Activity level of the therapist

- Characteristically adopt active methods to maintain the focus of treatment and promote self-understanding and change.

## Activity level of the client

- The efficient utilization of time requires that clients be absorbed in change efforts between sessions, as well as during them.

# Techniques Of Brief Psychotherapy

**Ellen K. Quick**

## **Techniques Of Brief Psychotherapy:**

*Short-Term Psychotherapy and Brief Treatment Techniques* Harvey P. Mandel, 2013-11-27 The Scope of Brief Therapy Within the last two decades there has been a dramatic expansion in the uses of short term treatment Grayson 1979 Small 1979 Brief therapies have been and continue to be widely used with a number of different patient populations in a broad variety of service settings They have been reported in use with children adolescents adults and the aged in groups families and individual treatment on college campuses high schools in community mental health centers in child guidance clinics in private psychiatric clinics in hospitals as part of out patient or in patient therapy in programs of preventive community mental health with the rich the middle class and the poor Barten 1971 1972 Caplan 1961 1964 Small 1979 Wolberg 1965 Further short term methods of therapy range across all of the major and well known theoretical orientations found in the broader field of psychotherapy There are some unique theoretical contributions which can be found within this field as well

*Techniques of Brief Psychotherapy* Walter V. Flegenhimer, 1993      *Techniques of Brief Psychother* Walter V. Flegenhimer, 1982-12      **Doing What Works in Brief Therapy** Ellen K. Quick, 2008-03-11 Doing What Works in Brief Therapy A Strategic Solution Focused Approach is both a set of procedures for the therapist and a philosophy one that is shared with clients and one that guides the work of the therapist This second edition continues its excellence in offering clinicians a guide to doing what works in brief therapy for whom and when and how to use it Psychotherapy that follows these guidelines validates the client s most important concerns and it often turns out to be surprisingly brief Author Ellen Quick integrates strategic and solution focused therapy and includes guidelines for tailoring technique and interventions to client characteristics and preferences With clinically rich examples throughout this book offers applications for couples including indications for individual or conjoint sessions Chapter summaries highlighting key points Presents ways of eliciting what clients most want to remember Describes the Doing What Works Group including outcome research findings and all materials needed to run the group Addresses the relationship among the positive psychology movement and this approach and the potential for collaboration Emphasizes an acceptance based stance and how acceptance commonly leads to change Proposes that doing what works and changing what doesn t can provide a transtheoretical perspective for therapists of any orientation      *Solution Focused Brief Therapy* Harvey Ratner, Evan George, Chris Iveson, 2012-07-26 Solution Focused Brief Therapy 100 Key Points and Techniques provides a concise and jargon free guide to the thinking and practice of this exciting approach which enables people to make changes in their lives quickly and effectively It covers The history and background to solution focused practice The philosophical underpinnings of the approach Techniques and practices Specific applications to work with children and adolescents including school based work families and adults How to deal with difficult situations Organisational applications including supervision coaching and leadership Frequently asked questions This book is an invaluable resource for all therapists and counsellors whether in training or practice It will also be essential for any

professional whose job it is to help people make changes in their lives and will therefore be of interest to social workers probation officers psychiatric staff doctors and teachers as well as those working in organisations as coaches and managers

**Brief Therapy** Jeffrey K. Zeig, Stephen G. Gilligan, 1990 First Published in 1990 Routledge is an imprint of Taylor Francis an informa company

**Psychotherapy Abbreviation** Terry S Trepper, Helena E Papay, 2014-03-18 Psychotherapy Abbreviation is a field tested approach designed to train both experienced and student mental health professionals to do brief therapy that is effective and highly satisfactory to clients This book is unique in that it is the only text that is compatible with almost all approaches to treatment making it suitable as a primer of brief therapy usable by virtually all psychotherapists Most other brief therapy books are affiliated with a specific theory of psychopathology making each limited to those who share the author s theoretical orientation Pekarik wrote this text based on his own brief therapy training manual because he could not find a text suitable for the wide range of psychotherapy approaches represented by the therapists whom he trains in his research teaching and consulting work By offering a unique approach derived from the active ingredients common to all forms of brief therapy and the literature on client treatment preferences Psychotherapy Abbreviation simplifies the abbreviation process and makes it accessible to all therapists Pekarik s strategies have been field tested he has used them to train hundreds of therapists who have demonstrated success with clients increased client satisfaction improved treatment effectiveness and lowered dropout rates These same therapists also doubled the proportion of cases they treated with brief therapy This how to do it text is extremely practical It assumes that the reader already has a theory and set of therapy techniques true of even most graduate students The emphasis is then placed on the treatment abbreviation process itself Because of this highly focused approach the text will like the technique it describes be concise and brief By avoiding association with any particular school of therapy Pekarik s approach is usable by all schools of therapy Therapists and future therapists now in graduate school will benefit from Psychotherapy Abbreviation as it explores these topics rationale for the abbreviation of psychotherapy practical and ethical issues to consider in client selection a conceptual model for treatment abbreviation rapid assessment and case conceptualization establishing a brief therapy focus goal establishment and negotiation adapting standard psychotherapy techniques to the brief format practice issues in brief therapy Psychotherapy Abbreviation is two part Part one is an orientation to this model of brief therapy in which Pekarik emphasizes a research based rationale for doing brief therapy presents a general theory of why brief treatments work and provides guidelines for the identification of appropriate clients for brief therapy The second part of the text is devoted to technical skills training It begins with an overview of the techniques common to most schools of brief therapy and describes a universal model of brief therapy Readers are then taken step by step through a description of the four most important abbreviation techniques presented in the typical order of use with clients To encourage readers to consistently apply the recommended techniques Pekarik includes one particular training case which he describes in detail and uses it in all of the technical skills chapters in

special Case Application sections of these chapters Before describing the detailed applications Pekarik prompts readers to consider how they would apply the abbreviating technique presented in that chapter to the case With individual exercises he gives special attention to how readers can adapt their personal therapy styles and theoretical orientations to brief therapy As a result readers develop both a rationale and abbreviation strategy compatible with their values and practical needs as therapists The exercises are found in each chapter in special exercise     A Study of Brief Psychotherapy D. H. Malan, 2013-10-11 Tavistock Press was established as a co operative venture between the Tavistock Institute and Routledge Kegan Paul RKP in the 1950s to produce a series of major contributions across the social sciences This volume is part of a 2001 reissue of a selection of those important works which have since gone out of print or are difficult to locate Published by Routledge 112 volumes in total are being brought together under the name The International Behavioural and Social Sciences Library Classics from the Tavistock Press Reproduced here in facsimile this volume was originally published in 1963 and is available individually The collection is also available in a number of themed mini sets of between 5 and 13 volumes or as a complete collection     New Techniques in Brief Psychotherapy Vance Kendall Boileau, 1958     Brief Psychotherapies Peake, Bourdin, Robert P. Archer, 2000     The Complex Secret of Brief Psychotherapy James Paul Gustafson, 1997 In this useful and timely book Gustafson shows how the therapist can borrow from the entire tradition of psychotherapy for productive short term treatment He explains how to conserve the virtues of earlier stances describes how to handle the opening middle and ending phases in brief therapy and clarifies the difficulties in short term work particularly the tendency of therapist to leave themselves out of the equation Gustafson s method of methods described here provides psychotherapist with an effective way of engaging patients in brief successful work     Treating the Neurotic Patient in Brief Psychotherapy Althea J. Horner, 1994-01-01 This book examines the use of brief psychotherapy with the neurotic patient using clinical examples throughout While treatment is shorter in brief psychotherapy it is not easier or less demanding on the therapist It demands a clarity of thinking and precision of purpose that takes time and motivation to develop The contributors have found the principles of brief therapy to be startlingly effective in many situations Includes chapters by contributors Harold Been Walter Flegenheimer Victor Goldin Althea J Horner Isabel Sklar Manuel Trujillo and Arnold Winston     **Brief Strategic Therapy** Giorgio Nardone, Paul Watzlawick, 2005-02-17 This book puts forward a complete picture of Brief Strategic Therapy while defining the theoretical and practical features that distinguish this method from other psychotherapies The authors present a comprehensive explanation of non ordinary Mathematical Logic which underlies brief strategic therapy techniques to reveal how apparently simple techniques come to solve complex seemingly untreatable problems This book provides the reader with a detailed description of the techniques applied throughout the treatment and also explains the strategies tactics and techniques employed in reframing people s perceptions behavior and opinions This rigorous work is one of Nardone s most important and creative contributions to the evolution of Brief Therapy It presents the advanced techniques set up for

specific pathologies through long term experimental empirical research carried out at the Centro di Terapia Strategica of Arezzo Italy Case studies are introduced for a better understanding of this approach followed by a thorough evaluation of the results obtained through on going experimental empirical research      **Psychotherapy Abbreviation** Gene Pekarik,1996

Psychotherapy Abbreviation is a field tested approach designed to train both experienced and student mental health professionals to do brief therapy that is effective and highly satisfactory to clients This book is unique in that it is the only text that is compatible with almost all approaches to treatment making it suitable as a primer of brief therapy usable by virtually all psychotherapists Most other brief therapy books are affiliated with a specific theory of psychopathology making each limited to those who share the author s theoretical orientation Pekarik wrote this text based on his own brief therapy training manual because he could not find a text suitable for the wide range of psychotherapy approaches represented by the therapists whom he trains in his research teaching and consulting work By offering a unique approach derived from the active ingredients common to all forms of brief therapy and the literature on client treatment preferences Psychotherapy Abbreviation simplifies the abbreviation process and makes it accessible to all therapists Pekarik s strategies have been field tested he has used them to train hundreds of therapists who have demonstrated success with clients increased client satisfaction improved treatment effectiveness and lowered dropout rates These same therapists also doubled the proportion of cases they treated with brief therapy This how to do it text is extremely practical It assumes that the reader already has a theory and set of therapy techniques true of even most graduate students The emphasis is then placed on the treatment abbreviation process itself Because of this highly focused approach the text will like the technique it describes be concise and brief By avoiding association with any particular school of therapy Pekarik s approach is usable by all schools of therapy Therapists and future therapists now in graduate school will benefit from Psychotherapy Abbreviation as it explores these topics rationale for the abbreviation of psychotherapy practical and ethical issues to consider in client selection a conceptual model for treatment abbreviation rapid assessment and case conceptualization establishing a brief therapy focus goal establishment and negotiation adapting standard psychotherapy techniques to the brief format practice issues in brief therapy Psychotherapy Abbreviation is two part Part one is an orientation to this model of brief therapy in which Pekarik emphasizes a research based rationale for doing brief therapy presents a general theory of why brief treatments work and provides guidelines for the identification of appropriate clients for brief therapy The second part of the text is devoted to technical skills training It begins with an overview of the techniques common to most schools of brief therapy and describes a universal model of brief therapy Readers are then taken step by step through a description of the four most important abbreviation techniques presented in the typical order of use with clients To encourage readers to consistently apply the recommended techniques Pekarik includes one particular training case which he describes in detail and uses it in all of the technical skills chapters in special Case Application sections of these chapters Before describing the detailed applications

Pekarik prompts readers to consider how they would apply the abbreviating technique presented in that chapter to the case. With individual exercises he gives special attention to how readers can adapt their personal therapy styles and theoretical orientations to brief therapy. As a result readers develop both a rationale and abbreviation strategy compatible with their values and practical needs as therapists. The exercises are found in each chapter in special exercise.

*The Practice of Brief Psychotherapy* Sol L. Garfield, 1998-09-10

Since its publication almost a decade ago Sol L. Garfield's *The Practice of Brief Psychotherapy* has become the definitive training text and professional guidebook on brief psychotherapy with an eclectic point of view. But even as managed care has made the practice of brief psychotherapy a mainstay for many therapists it has become increasingly difficult for clinicians and trainees to keep pace with fresh developments in the field. This revised edition brings Dr. Garfield's classic straight to the cutting edge of current practice providing a comprehensive integrated picture of brief therapy based upon up to date procedures and research findings. Written by one of the founding fathers of brief psychotherapy *The Practice of Brief Psychotherapy Second Edition* includes appraisals of the latest research on evaluation techniques treatment guidelines effectiveness and validated therapies. It walks today's clinician step by step through the basic aspects of the therapeutic process moving through every stage from initial interview through termination and posttherapy appraisal. As in the successful first edition this book is results oriented focusing on procedures and findings from diverse therapeutic approaches for their usefulness in achieving positive outcomes. Shedding light on crucial therapeutic variables in psychotherapy it explores common and specific factors of therapeutic value that transcend individual methodologies and techniques. Timely and more relevant than ever this Second Edition of *The Practice of Brief Psychotherapy* gives clinicians counselors and students an excellent and broad based practical reference on brief psychotherapy a powerful and flexible clinical tool for their work. Over the course of his long and distinguished career Sol L. Garfield has received numerous prestigious awards including the American Psychological Association's Distinguished Contribution to Knowledge Award the Distinguished Contribution to Clinical Psychology Award from the APA's Division of Clinical Psychology the Society for Psychotherapy Research Distinguished Research Career Award and the Council of University Directors of Clinical Psychology 3rd Annual Award for Outstanding Contributions to Clinical Training. He is the author or editor of many books notably the *Handbook of Psychotherapy and Behavior Change* coedited with A. E. Bergin now in its fourth edition and *Psychotherapy An Eclectic Integrative Approach* both published by Wiley. Dr. Garfield has also contributed over 150 journal articles or chapters to edited volumes. Praise for the First Edition: A well written and useful approach to brief therapy. *Clinical Psychology Review*. Provides a lucid and approachable discussion of each of the ingredients that go into the brief psychotherapy mixture. *Contemporary Psychology*. This revised edition of Sol L. Garfield's *The Practice of Brief Psychotherapy* brings his classic work fully up to date with the latest developments in the field from recent research findings and trends in managed care to new viewpoints and approaches to psychotherapy. Like its predecessor this edition offers an eclectic

approach to brief psychotherapy based upon what works favoring procedures that appear most appropriate for a given case and whose effectiveness is backed by empirical research support The result is an accessible and comprehensive resource that is of outstanding practical value to practitioners and students of brief psychotherapy and counseling

**The Frontier of Brief Psychotherapy** David H. Malan, 1976-08-31 After trial and error for decades psychoanalytically oriented psychotherapy was established with therapies occurring at a once or twice a week rate often extended for many months This volume addresses the possibility of brief even time limited therapy Can processes be accomplished or instigated during a brief therapy that produce structural changes that are discernible in the post therapy period English analyst David Malan presenting extensive and thoughtful material based on his own clinical and research activity at the Tavistock Clinic asserts that methods of brief therapy and the route of optimizing therapy and patient selection should be explored as a way of extending the delivery and impact of mental health services Malan raises the possibility that a focal change in process such as working through neurotic responses to a dramatic life event can lead to eventual change in personality structure The experience of a brief therapy or even a single interview is important Patients may develop valuable insights and recognize their role and responsibility in their problems This new awareness will continue in the mind of the patient long after therapy itself ends The memory and its extensions will be worked over in many ways not only in thought but in the acts of living Changes initiated by treatment may emerge and be consolidated during the years of life experiences after therapy

*Brief Counselling: A Practical Integrative Approach* Feltham, Colin, Dryden, Windy, 2006-03-01 Praise for the previous edition an excellent resource for all trainee and beginning counsellors irrespective of theoretical orientation I regard it as a core text for Professional and Clinical Practice components of counsellor education and training courses Ian Horton formerly Principal Lecturer University of East London Praise for the current edition This book is a must It informs the beginner and experienced counsellor how to undertake brief counselling step by step from orienting the client to counselling to termination of counselling Professor Stephen Palmer City University London and Director for the Centre for Stress Management Almost two thirds of counsellors and psychotherapists work with clients in up to twenty sessions each this book reflects that reality and the challenges involved The bestselling first edition of this book by two of the UK's leading counsellor trainers and academics was praised by trainers and tutors for its accessibility comprehensiveness and practicality It was also a leading contribution to the movement towards time conscious counselling and to an understanding of the therapeutic alliance across time The second edition has been thoroughly updated to include significant recent professional developments and new thinking in the counselling field Additions include more detailed discussion of Assessment Contracting Very brief counselling Clinical reasoning Clients modalities Technical repertoire Depression and realism Supervision of brief counselling In the rapidly maturing profession of counselling this book's sensitivity to time as a precious resource clients perceptions evidence based guidelines and integration of some of the best thinking from several counselling models make it an ideal core text for

beginners and reflective practitioners Thoughtful and busy practitioners in primary care employee counselling educational voluntary and private practice settings will find many immediately helpful ideas and examples in this classic text     **Brief Therapy Conversations** Michael F. Hoyt, Flavio Cannistrà, 2022-09-19 Brief Therapy Conversations features stimulating discussions between two international experts about essential topics including the importance of the therapeutic relationship the role of diagnosis the therapist's mindset specific techniques and guiding logics therapist development and likely future trends It explores a wide range of literature and ideas on brief therapy and single session therapy For those interested in time sensitive treatment several expanded journal articles are included that provide additional insights into ways to improve therapeutic efficiency Reader friendly and conversational in format this book is essential reading for professionals involved in brief therapy research teaching and practice     *Object Relations Brief Therapy* Michael Stadter, 2009-04-13 Object Relations Brief Therapy combines practical techniques with the depth of object relations theory the wisdom of previous brief therapy writers and most notably an emphasis on the unique therapeutic relationship Often therapists despair of doing any meaningful work in brief therapy To this Michael Stadter suggests the following pragmatic approach think dynamically address some underlying issues and do what you can Specifically the book emphasizes the depth of understanding of human experience that comes from an object relations perspective the insight and experiential vitality of attention to the therapeutic relationship including its real transferential and countertransferential elements the impact of the psychodynamic techniques that have been carefully studied and delineated by brief therapy writers such as Davanloo Horowitz Malan Strupp and Binder and the flexibility of an eclectic approach that thoughtfully and selectively incorporates non psychodynamic interventions Therapists do not have to escape managed care according to Stadter Rather they need to learn how to deal with it in a way that preserves their integrity and enables them to practice the kind of healing psychotherapy they know how to do In today's health care climate Object Relations Brief Therapy is a much needed guide for committed therapists     **Handbook of Solution-Focused Brief Therapy** Scott D. Miller, Mark Hubble, Barry L. Duncan, 1996-05-31 This definitive guide for succeeding in an era of managed care offers mental health practitioners the tools for applying solution focused brief therapy SFBT techniques
