Beyond Innovation: Technology, Institution and Change as Categories for Social Analysis Thomas Kaiserfeld, 2015-07-07 Beyond Innovation counterweighs the present innovation monomania by broadening our thinking about technological and institutional change It is done by a multidisciplinary review of the most common ideas about the dynamics between technology and institutions

The Effects of Technology and Institutions on E-Participation Pragati Rawat, John C. Morris, 2021-12-24 In this book Pragati Rawat and John C Morris identify and evaluate the impact of factors that can help explain the difference in e participation public participation using information and communication technology in different countries While cross sectional studies have been covered few have taken an in depth look at cross national studies This book attempts to fill the gap using quantitative panel data to explore the influence of technology and institutions and the impact of their complex relationships in a mediation and moderation analysis on e participation The current study reviews the scholarly work in the field of offline and online participation to identify a set of antecedents that influence e participation A conceptual framework is developed supported by the theories from the public policy and socio technical premise The authors utilize secondary data primarily from the UN and World Economic Forum for 143 countries from three waves of surveys to measure the dependent and explanatory variables The panel data is statistically analyzed and findings reveal the role of technology as a mediator as well as a moderator for institutions impact on e participation The Effects of Technology and Institutions on E Participation provides a groundbreaking country level analysis that will appeal to academics and students of e government and Digital Government Public Policy Public Administration Public Sector Innovation and Public Participation

Learning from Science and Technology Policy Evaluation Philip Shapira, Stefan Kuhlmann, 2003-01-01 The contributors analyse and contrast the need and demand for RIT performance measurement and evaluation within the US and European innovation and policy making systems They assess current US and European RIT evaluation practices and methods in key areas discuss applications of new evaluative approaches and consider strategies that could lead to improvements in RIT evaluation design and policies

Science, Technology and Innovation Policies for Inclusive Growth in Africa Reuben A. Alabi, Achim Gutowski, Nazar Mohamed Hassan, Tobias Knedlik, Samia Satti Osman Mohamed Nour, Karl Wohlmuth, 2018 The volume analyses how to make Science Technology and Innovation STI Policies relevant for inclusive growth strategies in Africa The base for a transformative STI policy is to link the STI policies to Africa's economic transformation policies In a first part the general issues of introducing effective STI policies are presented In a second part country case studies highlight the new approach Cases such as Sudan and Nigeria are analysed as these two countries have a long history of STI development

because of different history size and structure they need to move in different directions towards a coherent STI policy for inclusive growth

Handbook of Research on Information Communication Technology Policy: Trends, Issues and Advancements Adomi, Esharenana E.,2010-07-31 The Handbook of Research on Information Communication Technology Policy Trends Issues and Advancements provides a comprehensive and reliable source of information on current developments in information communication technologies This source includes ICT policies a guide on ICT policy formulation implementation adoption monitoring evaluation and application and background information for scholars and researchers interested in carrying out research on ICT policies *Policy and Governance of Science, Technology, and Innovation* Gonzalo Ordóñez-Matamoros,Luis Antonio Orozco,Jaime Humberto Sierra-González,Isabel Bortagaray,Javier García-Estévez,2021-10-19 This volume explores the governance and management of science technology and innovation STI in relation to innovation policy and governance systems highlighting its goal challenges and opportunities Divided into two sections it addresses the role of governments in promoting innovation in Latin American contexts as well as barriers and opportunities for STI governance in the region The chapters tackle the role of institutions innovation funding technological trajectories regional innovation policies innovation ecosystems universities knowledge appropriation and markets Researchers and scholars will find an opportunity to grasp a better understanding of innovation policies in emerging economies This interdisciplinary work presents original research on science technology and innovation policy and governance studies in an understudied region *Science, Technology and Innovation Policies for Development* Gustavo Crespi,Gabriela Dutrénit,2014-04-11 This book examines the implementation of science technology and innovation STI policy in eight Latin American countries and the different paths these policies have taken It provides empirical evidence to examine the extent to which STI policies are contributing to the development of the region as well as to the solution of market failures and the stimulus of the region s innovation systems Since the pioneering work of Solow 1957 it has been recognized that innovation is critical for economic growth both in developed and in less developed countries Unfortunately Latin America lags behind world trends and although over the last 20 years the region has established a more stable and certain macroeconomic regime it is also clear that these changes have not been enough to trigger a process of innovation and productivity to catch up Against this rather grim scenario there is some optimism emerging throughout the region After many years of inaction the region has begun to invest in science technology and engineering once again Furthermore after many changes in innovation policy frameworks there is now an emerging consensus on the need for a solution to coordination failures that hinder the interaction between supply and demand Offering an informative and analytic insight into STI policymaking within Latin America this book can be used by students researchers and practitioners who are interested in the design and implementation of innovation policies This book also intends to encourage discussion and collaboration amongst current policy makers within the region *The OECD Jobs Strategy Technology, Productivity and Job Creation Best Policy*
