Transnational Corporations Technology Transfer and Development A Bibliographic Sourcebook compiles references one can use in studying transnational corporations and related topics The compilation divides various source materials into eight major themes The sourcebook presents publications on the development of science and technology the International Technology Gap and the NIEO and transnational corporations and technology The other groups of publications compiled mainly focus on the anatomy of corporate technology transfer technology transfer and host countries and sectoral analysis wherein several case studies are included The last two sets of reference materials are concerned with technology transfer and the home country and its regulation This sourcebook will be invaluable to those in need of lists of reference materials on transnational corporations

Technology Transfer to East Europe Eric W. Hayden, 1976 Monograph on multinational enterprise experience in technology transfer from the USA to Eastern Europe discusses economic relations and trade relations and presents eight case studies in the industrial sector concerning Poland and Romania Bibliography pp 121 to 130 references and statistical tables

Technology Export From The Socialist Countries Jan Monkiewicz, Jan Maciejewicz, 2019-07-11 Only since the 1970s have the East European Socialist countries known collectively as Comecon participated in the international exchange of technology as exporters In this book Drs Monkiewicz and Maciejewicz analyze the technology export performance of the Comecon countries They begin by defining the nature of technology as a commodity analyzing the structural characteristics of the international market and outlining both the cost and benefits of technology export Later chapters provide an overview of Comecon technological policies in the 1970s with particular attention to the export import factor and Comecon regional technological cooperation In depth analysis is presented through case studies of the experiences of Poland and Czechoslovakia The book concludes with a discussion of the implications of technology export by socialist countries particularly its potential impact on existing global patterns of technological dependence and domination

Technology Transfer to the USSR. 1928-1937 and 1966-1975: George D Holliday, 2019-06-25 I wish to acknowledge the assistance of Dr Charles F Elliott and Dr John P Hardt Their guidance encouragement and gentle prodding contributed greatly to the completion of this research The Institute for Sino Soviet Studies and the Graduate Program in Science Technology and Public Policy of the George Washington University gave valuable financial assistance The final manuscript reflects the diligent and expert typing assistance of Mary Helen Holliday Seal

A Model for the Study of International Trade Politics William F. Kolarik, Jr., 2017-10-10 Together with efforts to control the arms race commercial issues were a central feature of relations between the United States and the Soviet Union in the 1970s There was a clear recognition that trade and economic issues were of key importance to political relations This book first published in 1987 is a comprehensive analysis of the views and perceptions held by Soviet Area Executives of US

trade actor companies in the critical years 1975-76. It focuses on the key issues of overall US-Soviet relations which formed the environment for commercial relations between the superpowers. *East-west Technology Transfer* Stanislaw Gomulka, Alec Nove, George D. Holliday, Organisation for Economic Co-operation and Development, 1984. **Multinational Enterprise and Economic Analysis** Richard E. Caves, 1996-01-26. This book surveys the contributions that economic analysis has made to our understanding of why multinational enterprises exist. *R&D Investment Of Multinational Corporations And China's Independent Innovation* Wen Xiao, Jiadong Pan, Gaobang Lin, 2020-09-17. China has attracted a huge amount of investment in R D internationalization of multi national corporations MNCs which is playing an important role in its economy. Constrained by natural resources China has to attach more importance to technological progress and indigenous innovation in order to move beyond the old economic growth model. Technology seems inaccessible to outsiders which prevents others from doing research in a comprehensive and systematic manner. In this book technology is regarded as a factor of production that is allocated by MNCs across the world to maximize profits. Such rational economic behavior serves as our entry point to enhance existing theoretical achievements on R D internationalization. **Technology Transfer and Economic Development** Robert G. Hawkins, Aluru Jagadish Prasad, 1981. Essays on the impact of technology transfer on economic development discusses definitional issues transfer channels and forms the theoretical background impact of multinational enterprise research and development activities licensing as an alternative to foreign investment related economic integration in Western Europe impact on economic growth in Japan transfer between the USA and planned economies efforts at regulation costs and benefits etc. References and statistical tables. Partners in East-West Economic Relations Zbigniew M. Fallenbuchl, Carl H. McMillan, 2013-10-22. Partners in East West Economic Relations The Determinants of Choice covers the proceedings of an international conference of the same name held at Montebello Quebec on April 26-29 1978. This conference brings together various professionals to address contemporary international economic relations issues. One of the three major issues tackled in this compilation is the reintegration of the economics of the Soviet Union and Eastern Europe into the international division of labor. This compendium also studies the determinants of the choice of partners in East West relations at the national and subnational levels. The last major topic concerned in this selection is the similarities and differences between partnerships in the East West and North South contexts. This compendium will be of interest to those interested in economics and related disciplines. *North/south Technology Transfer* Organisation for Economic Co-operation and Development, 1982.
