Religion in Philanthropic Organizations Thomas J. Davis,2021-12-22 Religion in Philanthropic Organizations explores the tensions inherent in religious philanthropies across a variety of organizations and examines the effect assumptions about professional philanthropy have had on how religious philanthropies carry out their activities Among the organizations discussed are the Salvation Army the World Council of Churches and Catholic Charities USA The essays focus on the work of one individual Robert Pierce founder of World Vision and Samaritan s Purse and on more general matters such as philanthropy and Jewish identity American Muslim philanthropy since 9 11 and the federal program that funds faith based initiatives The book sheds light on how religion and philanthropy function in American society shaping and being shaped by the culture and its notions of the common good **Facing West** David R. Swartz,2020-04-09 In 1974 nearly 3 000

evangelicals from 150 nations met at the Lausanne Congress on World Evangelization Amidst this cosmopolitan setting and in front of the most important white evangelical leaders of the United States members of the Latin American Theological Fraternity spoke out against the American Church Fiery speeches by Ecuadorian Ren Padilla and Peruvian Samuel Escobar revealed a global weariness with what they described as an American style of coldly efficient mission wedded to a myopic right leaning politics Their bold critiques electrified Christians from around the world The dramatic growth of Christianity around the world in the last century has shifted the balance of power within the faith away from traditional strongholds in Europe and the United States To be sure evangelical populists who voted for Donald Trump have resisted certain global pressures and Western missionaries have carried Christian Americanism abroad But the line of influence has also run the other way David R Swartz demonstrates that evangelicals in the Global South spoke back to American evangelicals on matters of race imperialism theology sexuality and social justice From the left they pushed for racial egalitarianism ecumenism and more substantial development efforts From the right they advocated for a conservative sexual ethic grounded in postcolonial logic As Christian immigration to the United States burgeoned in the wake of the Immigration Act of 1965 global evangelicals forced many American Christians to think more critically about their own assumptions The United States is just one node of a sprawling global network that includes Korea India Switzerland the Philippines Guatemala Uganda and Thailand Telling stories of resistance accommodation and cooperation Swartz shows that evangelical networks not only go out to but also come from the ends of the earth Help from Above Kingsley O. Ologe,2011-08-05 This book gives an

account of how the author was unjustifiably sacked at the University of Abuja in 1994 and subjected to all manner of harassment before he won his case in court in 1998 and was reinstated in 1999. It includes testimonies of how God took him and his family through the trial by protecting them, supplying their needs, and finally vindicating him. Finally, it contains spiritual insights that he received from the Scriptures about the Christian pilgrimage through life. The book has been written with three objectives in mind: To provide a permanent record of what actually happened as a body of evidence arguing against military dictatorship in Nigeria, the enthronement of mediocrity in positions of authority, and the culture of impunity in our national life; To demonstrate the power and faithfulness of God in the life of whoever commits himself or herself to Him; and To enlighten, comfort, encourage, and strengthen Christians who may be passing through some form of trial. In the Forward to the book, the Anglican Bishop of Owerri, the Rt Rev Cyril C Okorocha, writes: 'Help from above may seem delayed, but it is never denied to a faithful child of a loving Heavenly Father. Who is also the Lord God Almighty. This is the message of this book.'

Encyclopedia of Christian Education George Thomas Kurian, Mark A. Lamport, 2015-05-07. Christianity regards teaching as one of the most foundational and critically sustaining ministries of the Church. As a result, Christian education remains one of the largest and oldest continuously functioning educational systems in the world, comprising both formal day schools and higher education institutions, as well as informal church study groups and parachurch ministries in more than 140 countries. In *The Encyclopedia of Christian Education*, contributors explore the many facets of Christian education in terms of its impact on curriculum, literacy, teacher training, outcomes, and professional standards. This encyclopedia is the first reference work devoted exclusively to chronicling the unique history of Christian education across the globe, illustrating how Christian educators pioneered such educational institutions and reforms as universal literacy, home schooling, Sunday schools, women's education, graded schools, compulsory education of the deaf and blind, and kindergarten. With an editorial advisory board of more than 30 distinguished scholars and five consulting editors, *The Encyclopedia of Christian Education* contains more than 1,200 entries by 400 contributors from 75 countries. These volumes cover a vast range of topics from Christian education history, spanning from the church's founding through the Middle Ages to the modern day, to denominational and institutional profiles, intellectual traditions in Christian education, biblical and theological frameworks, curricula, missions, adolescent and higher education, theological training, and Christian pedagogy. Biographies of distinguished Christian educators. This work is ideal for scholars of both the history of Christianity and education, as well as researchers and students of contemporary Christianity and modern religious education.
