The Man Who Wrote the Teddy Bears' Picnic J. J. Kennedy, 2011-11-04 A first biography of one of Britain's leading lyric songwriters The Man Who Wrote The Teddy Bears Picnic tells the story of Irish born Jimmy Kennedy one of the last and arguably the finest of the professional Tin Pan Alley songwriters of the pre Beatles golden age of popular song A fascinating insight into the life of a man who rose from small town beginnings to become for fifty years the lyrical and musical power behind some of the twentieth century's top popular song entertainers from the days of Variety right up to The Beatles era Jimmy had something like 30 No 1 hits to his credit worldwide but is little known outside of music business circles The book written by his younger son ex journalist J J Kennedy sets out to remedy this omission and celebrates his contribution to the genre Though his romantic ballads like Red Sails in the Sunset continue to be played all round the world Jimmy is possibly best remembered today for the Cokey Cokey which he adapted from a Canadian folk song in 1943 and The Teddy Bears Picnic which gave magical children's words to an old American tune Well written and easy to read the book serves as an excellent historical record of pop and is full of facts observations and authoritative comment on the cut and thrust village that was Tin Pan Alley It captures the bustle of the place and its almost industrial approach to song creation It

paints a colourful picture of some of the leading characters of the period and exposes the double dealing greed and downright exploitation prevalent in that world But the book also creates a romantic mysticism around the characters who dashed around in Denmark street peddling their talent so often in vain It transports you to smoky little rooms with music coming from every corridor and it tells the story in black and white like an old Hollywood movie Swimming among all these sharks is the unlikely figure of Jimmy Kennedy dapper and charming modest and artistically fine tuned yet steely resilient and highly commercial A man who could spot the financial worth of his work write to order sometimes in lightning quick time and stand his ground when he knew he had a hit He was in fact a one man hit machine But it wasn't always one man and the book illuminates the winning partnerships with Michael Carr Will Grosz et al One of the key strengths of the book is its nostalgia appeal and has some wonderful anecdotes including recollections from Terry Wogan Val Doonican and others and non musical people such as Denis and Margaret Thatcher All in all a very intelligent book and one which will become a work of reference for anyone studying the popular music art form of the twentieth century , *Behind the Scenes at the Museum of Baked Beans* Hunter Davies, 2010-07-01 I am fascinated by people turning their daft dreams into a reality How did they do it and why Driven by his own passion for collecting Hunter Davies has packed his notepad and set off in search of Britain's maddest museums As he explores these hidden gems he soon discovers that they are everywhere and that they celebrate just about everything from lawnmowers in Southport to pencils in Keswick But as Hunter travels up and down the country he comes to realise that it isn't only the collections that are fascinating it's also the people who have put them together Whether they're a man who loves his Heinz so much he's changed his name to Captain Beany or a kleptomaniac Vintage Radio buff these eccentric collectors are Britain's finest and could live in no other country in the world Once you discover these museums and get to know their curators Great Britain won't look quite the same again *The Dialectic of Digital Culture* David Ardit, Jennifer Miller, 2019-08-01 This edited collection analyzes the role of digital technology in contemporary society dialectically While many authors journalists and commentators have argued that the internet and digital technologies will bring us democracy equality and freedom digital culture often results in loss of privacy misinformation and exploitation This collection challenges celebratory readings of digital technology by suggesting digital culture's potential is limited because of its fundamental relationship to oppressive social forces *The Dialectic of Digital Culture* explores ways the digital realm challenges and reproduces power The contributors provide innovative case studies of various phenomenon including metoo Etsy mommy blogs music streaming sustainability and net neutrality to reveal the reproduction of neoliberal cultural logics In seemingly transformative digital spaces these essays provide dialectical readings that challenge dominant narratives about technology and study specific aspects of digital culture that are often under explored Check out the blog for more <http://blog.uta.edu/digitaldialectic> *Christmas in Birmingham* Tim Hollis, 2021-07-26 For decades the Christmas season in Birmingham was not complete without the sights and sounds of the retail district

During the season the Magic City made magic with elaborate light displays and the Living Christmas Tree in Woodrow Wilson Park Many remember the battling Santas of Loveman s and Pizitz each vying for the hearts of the community The elaborate Enchanted Forest dazzled shoppers on the sixth floor at Pizitz In the 1940s more than 200 000 people lined the streets each year to make merry for the Christmas Carnival parade Author and local historian Tim Hollis celebrates the happy history of Birmingham s holiday season reviving the traditions and festivities the food and shopping of days gone by

Centennial Book Linda Mullins, 2001 Commemorate one hundred years of teddy bears This handsome book celebrates the ever popular teddy bear with 230 colour photographs and stories from around the world This book will warm the hearts of everyone From the first teddy bear in the days of President Theodore Roosevelt now in the Smithsonian Collection to the delightful creations of the 21st century this souvenir book chronicles the evolution of the teddy bear Share with world renowned museums like the Smithsonian and manufacturers such as Steiff their most treasured memories of teddy bears Teddy bear artists and collectors are included too Celebrate a century of love and joy with the teddy bear *The Cute and the Cool* Gary Cross, 2004-04-01 The twentieth century was by any reckoning the age of the child in America Today we pay homage at the altar of childhood heaping endless goods on the young reveling in memories of a more innocent time and finding solace in the softly backlit memories of our earliest years We are the proclamation goes just big kids at heart And accordingly we delight in prolonging and inflating the childhood experiences of our offspring In images of the naughty but nice Buster Brown and the coquettish but sweet Shirley Temple Americans at mid century offered up a fantastic world of treats toys and stories creating a new image of the child as cute Holidays such as Christmas and Halloween became blockbuster affairs vehicles to fuel the bedazzled and wondrous innocence of the adorable child All this Gary Cross illustrates reflected the preoccupations of a more gentle and affluent culture but it also served to liberate adults from their rational and often tedious worlds of work and responsibility But trouble soon entered paradise The cute turned into cool as children following their parental example embraced the gift of fantasy and unrestrained desire to rebel against the saccharine excesses of wondrous innocence in deliberate pursuit of the anti cute Movies comic books and video games beckoned to children with the allures of an often violent sexualized and increasingly harsh worldview Unwitting and resistant accomplices to this commercial transformation of childhood adults sought over and over again in repeated and predictable cycles to rein in these threats in a largely futile jeremiad to preserve the old order Thus the cute child deliberately manufactured and cultivated has ironically fostered a profoundly troubled ambivalence toward youth and child rearing today Expertly weaving his way through the cultural artifacts commercial currents and parenting anxieties of the previous century Gary Cross offers a vibrant and entirely fresh portrait of the forces that have defined American childhood **The Pursuit of Power** Richard J. Evans, 2016-11-29 An Economist Best Book of the Year Sweeping an ambitious synthesis Evans writes with admirable narrative power and possesses a wonderful eye for local color Fascinating Stephen Schuker The Wall Street Journal From the bestselling author of *The Third Reich at War* a masterly account of Europe in the age of its global hegemony the latest volume in the Penguin History of Europe series Richard J Evans bestselling historian of Nazi Germany returns with a monumental new addition to the acclaimed Penguin History of Europe series covering the period from the fall of Napoleon to the outbreak of World War I Evans s gripping narrative ranges across a century of social and national conflicts from the revolutions of 1830 and 1848 to the unification of both Germany and Italy from the Russo Turkish wars to the Balkan

upheavals that brought this era of relative peace and growing prosperity to an end Among the great themes it discusses are the decline of religious belief and the rise of secular science and medicine the journey of art music and literature from Romanticism to Modernism the replacement of old regime punishments by the modern prison the end of aristocratic domination and the emergence of industrial society and the dramatic struggle of feminists for women s equality and emancipation Uniting the era s broad ranging transformations was the pursuit of power in all segments of life from the banker striving for economic power to the serf seeking to escape the power of his landlord from the engineer asserting society s power over the environment to the psychiatrist attempting to exert science s power over human nature itself The first single volume history of the century this comprehensive and sweeping account gives the reader a magnificently human picture of Europe in the age when it dominated the rest of the globe
