Teddy And The Snowman:

Teddy and the Magic Snowman Grandreams Limited,1997-12-01 **Children's Source Monitoring** Kim P.

Roberts,Mark Blades,2000-06-01 There are many aspects of life which require us to distinguish between memories of different events such as deciding whether you locked the door or only intended to lock the door Source monitoring or identifying the source of a particular memory was the event experienced related by someone else or simply imagined is a cognitive skill that develops across the life span In this book the first to integrate research on children s source monitoring readers will find an accessible overview of source monitoring theory and findings from the research programs of leading investigators in this area The programs of research cut across different methodologies e g nomothetic individual differences clinical and are applied to a wide range of issues in children s lives Particular emphasis is placed on the effects of source monitoring on eyewitness memory and identification learning and knowledge and the development of a theory of mind

Perception, Causation, and Objectivity Johannes Roessler,Hemdat Lerman,Naomi Eilan,2011-07-14 To be a commonsense realist is to hold that perceptual experience is in general an immediate awareness of mind independent objects and a source of direct knowledge of what such objects are like Over the past few centuries this view has faced formidable challenges from epistemology metaphysics and more recently cognitive science However in recent years there has been renewed interest in it due to new work on perceptual consciousness objectivity and causal understanding This volume collects nineteen original essays by leading philosophers and psychologists on these topics Questions addressed include What are the commitments of commonsense realism Does it entail any particular view of the nature of perceptual experience or any particular view of the epistemology of perceptual knowledge Should we think of commonsense realism as a view held by some philosophers or is there a sense in which we are pre theoretically committed to commonsense realism in virtue of the experience we enjoy or the concepts we use or the explanations we give Is commonsense realism defensible and if so how in the face of the formidable criticism it faces Specific issues addressed in the philosophical essays include the status of causal requirements on perception the causal role of perceptual experience and the relation between objective perception and causal thinking The scientific essays present a range of perspectives on the development phylogenetic and ontogenetic of the human adult conception of perception
