50 Popular Beliefs That People Think Are True Guy P. Harrison, 2012-01-03 What would it take to create a world in which fantasy is not confused for fact and public policy is based on objective reality asks Neil deGrasse Tyson science popularizer and author of Astrophysics for People in a Hurry I don't know for sure But a good place to start would be for everyone on earth to read this book Maybe you know someone who swears by the reliability of psychics or who is in regular contact with angels Or perhaps you're trying to find a nice way of dissuading someone from wasting money on a homeopathy cure Or you met someone at a party who insisted the Holocaust never happened or that no one ever walked on the moon How do you find a gently persuasive way of steering people away from unfounded beliefs bogus cures conspiracy theories and the like This down to earth entertaining exploration of commonly held extraordinary claims will help you set the record straight The author a veteran journalist has not only surveyed a vast body of literature but has also interviewed leading scientists explored the most haunted house in America frolicked in the inviting waters of the Bermuda Triangle and even talked to a contrite Roswell alien He is not out simply to debunk unfounded beliefs Wherever possible he presents alternative scientific explanations which in most cases are even more fascinating than the wildest speculation For example stories about UFOs and alien abductions lack good evidence but science gives us plenty of reasons to keep exploring outer space for evidence that life exists elsewhere in the vast universe The proof for Bigfoot or the Loch Ness Monster may be nonexistent but scientists are

regularly discovering new species some of which are truly stranger than fiction Stressing the excitement of scientific discovery and the legitimate mysteries and wonder inherent in reality this book invites readers to share the joys of rational thinking and the skeptical approach to evaluating our extraordinary world **A Moveable Beast: Tales From L.A. & Beyond** Jim Marquez,2016-04-07 From Jim Marquez the acclaimed author of such whiskey fueled contemporary classics as

singer songwriter Rodney Crowell reveals the good the bad and the ugly of a dirt poor southeast Texas boyhood The only child of a hard drinking father and a holy roller mother acclaimed musician Rodney Crowell was no stranger to bombast But despite a home life always threatening to burst into violence Rodney fiercely loved his mother and idolized his blustering father a frustrated musician who took him to see Hank Williams Jerry Lee Lewis Carl Perkins and Johnny Cash perform Set in 1950s Houston a frontier rough town with icehouses selling beer by the gallon on payday pest infestations right out of a horror film and the kind of freedom mischievous kids dream of Chinaberry Sidewalks is Rodney s tribute to his parents and his remarkable youth Full of the most satisfying kind of nostalgia it is hardly recognizable as a celebrity memoir Rather it s a story of coming of age at a particular time place and station crafted as well as the perfect song **JUNIOR H.
