Manga Reading Christine Détrez, Olivier Vanhée, 2023-05-25 Just pronounce the word manga and conflicted representations of media reception emerge either passive teenagers immersed in Japanese fictional worlds or hyperactive fans To understand what drives a variety of teenagers to read manga we conducted empirical research among French readers enrolled in secondary schools Manga is part of a whole constellation of interests including music and digital technology It is also the object of analytical ethical or concrete appropriations Reading then becomes a way to deal with past experiences and to connect with others to learn how to express emotions and to assert or contest age and gender norms *Boys in Children's Literature and Popular Culture* Annette Wannamaker, 2012-09-10 Boys in Children's Literature and Popular Culture proposes new theoretical frameworks for understanding the contradictory ways masculinity is represented in popular texts consumed by boys in the United States The popular texts boys like are often ignored by educators and scholars or are simply dismissed as garbage that boys should be discouraged from enjoying However examining and making visible the ways masculinity functions in these texts is vital to understanding the broad array of works that make up children's culture and form dominant versions of masculinity Such popular texts as Harry Potter Captain Underpants and Japanese manga and anime often perform rituals of subject formation in overtly grotesque ways that repulse adult readers and attract boys They often use depictions of the abject threats to bodily borders to blur the distinctions between what is outside the body and what is inside between what is I and what is not I Because of their reliance on depictions of the abject those popular texts that most vigorously perform exaggerated versions of masculinity also create opportunities to make dominant masculinity visible as a social construct **Boys, Girls, and the Myths of Literacies and Learning** Roberta F. Hammett, Kathy Sanford, 2008-03-28 This timely and authoritative book provides a critique and deconstructs the myths that serve to uphold the current moral panic around boys supposed failures in literacy and diminished chances of success Readers are asked to look beyond simple gender binarism to see different more complex and often more egregious categorizations of students in their classrooms other than the simplistic male female categories and begin to question and address some of those issues poverty racism violence environment and more complex issues of gender patriarchy and hegemony The authors suggest different ways of teaching literacies to both boys and girls and propose that while solutions are not simple they are critically important in promoting positive educational experiences for all students regardless of gender class culture race or sexual orientation *Freedoms, Faiths and Futures* Andrew Singleton, Mary Lou Rasmussen, Anna Halafoff, Gary Bouma, 2021-04-08 How do contemporary teenagers experience and understand religious spiritual gender and sexual diversity How are their experiences mediated by where they go to school their faith and their geographic location Are their outlooks materialist religious spiritual or do they have hybrid identities *Freedoms Faiths and Futures* Teenage Australians on Religion Sexuality and Diversity offers powerful insight into how teenagers make sense of the world around them Drawing on rich data from a major national study this book creates new ways of understanding the complexity of young people's lives and how school education covering diversity best

addresses their world This book argues that school education focused on worldviews is founded on ways of thinking about young people that do not reflect the complexities of Generation Z s everyday experiences of diversity and their interactions with each other It argues that certain kinds of education in schools can play a significant role in developing religious literacy tolerance and positive attitudes to diversity **ICISPE 2019** Bulan Prabawani ,Rouli Manalu ,Laila Khalid Alfirdaus,Retna Hanani ,Mohammad Rosyidin,2020-04-23 Hosted by the Faculty of Social and Political Sciences Universitas Diponegoro Indonesia International Conference on Indonesian Social and Political Enquiries ICISPE serves as a strategic venue for academicians and practitioners whose interest is Indonesian social and political studies to get interconnected with other academicians and other fields of study It is also intended to be a venue for scholars from various backgrounds to connect and initiate collaborative and interdisciplinary studies The papers presented at the ICISPE provide research findings and recommendations that are both directly and indirectly beneficial for public needs especially policy makers and practitioners in Indonesia The 4th ICISPE 2019 was held in the Semarang Indonesia bringing up a theme of People Nature and Technology Promoting Inclusive Environmental Governance in the Era of Digital Revolution as a response to the current dynamics of social and political issues in this millennial era This theme aims at looking more closely on how the relations between social and political aspects on development in this region It is indeed an emerging situation and a robust area for research Some compelling sub themes were offered and participated by a great number of presenters and participants including among others are Social Movement Communication Approach Global Environmental Issues Environmental Governance Millennials and Internet Green Economy also Culture and Environmental Development They share their insights study results or literature studies on those topics in a very dynamic discussion **English Journal** ,1920 **Reaching Boys, Teaching Boys** Michael Reichert,Richard Hawley,2010-06-18 Based on an extensive worldwide study this book reveals what gets boys excited about learning Reaching Boys Teaching Boys challenges the widely held cultural impression that boys are stubbornly resistant to schooling while providing concrete examples of pedagogy and instructional style that have been proven effective in a variety of school settings This book offers more than 100 detailed examples of lessons that succeed with male students grouped thematically Such themes include Gaming Motor Activities Open Inquiry Competition Interactive Technology and Performance Role Play Woven throughout the book is moving testimony from boys that both validates the success of the lessons and adds a human dimension to their impact The author s presents more than 100 specific activities for all content areas that have proven successful with male students Draws on an in depth worldwide study to reveal what lessons and strategies most engage boys in the classroom Has been described as the missing link that our schools need for the better education of boys **Library of Congress Subject Headings** Library of Congress,2001 **Library of Congress Subject Headings** Library of Congress.
