school and job opportunities afforded them *Breaking the Hush Factor* Karen Rayne, 2015-06-23 *Breaking the Hush Factor* is a new kind of parenting book. It isn't only for parents; it doesn't make assumptions about gender or sexual orientation and it won't scare you. Instead, you'll find ten concrete rules to strengthen your relationship with your teenager so that you can start to talk about sex. Because most people have sex and everyone needs to talk about sex. Teenagers have adults in their lives who can help them. *Breaking the Hush Factor* will teach those adults how. *Mixed Messages* Stefanie Mollborn, 2017-02-14 Sex is bad. Unprotected sex is a problem. Having a baby would be a disaster. Abortion is a sin. Teenagers in the United States hear conflicting messages about sex from everyone around them. How do teens understand these messages? In *Mixed Messages*, Stefanie Mollborn examines how social norms and social control work through in-depth interviews with college students and teen mothers and fathers, revealing the tough conversations teenagers just can't have with adults. Delving into teenagers' complicated social worlds, Mollborn argues that by creating informal social sanctions like gossip and exclusion and formal communication such as sex education, families, peers, schools, and communities strategize to gain control over teens' behaviors. However, while teens strategize to keep control, they resist the constraints of the norms, revealing the variety of outcomes that occur beyond compliance or deviance. By showing that the norms existing today around teen sex are ineffective, failing to regulate sexual behavior and instead punishing teens that violate them, Mollborn calls for a more thoughtful and consistent dialogue between teens and adults, emphasizing messages that will lead to more positive health outcomes. *Real Truth about Teens and Sex* Sabrina Solin Weill, 2005 The former editor in chief of *Seventeen* magazine draws on hundreds of letters, e-mails, interviews, and a nationwide survey to provide a revealing look at teens and sex, covering such topics as virginity, celibacy, the role of the media, birth control, sexually transmitted diseases, peer pressure, sex education, and the latest trends. **An Expose on Teen Sex and Dating** Andy Braner, 2014-02-27 After interviewing thousands of teens, author Andy Braner put it all down on paper in a straight talk approach to teen sex and dating. Revealing some startling statistics, he explains to parents and youth pastors what the current situation is with teens and sex, how we got here, and where the current out-of-control sex-driven culture is leading us. Readers will find out how to reach teens with a biblical message on dating, sexual promiscuity, purity, and redemption. **Teens and Sex** Andrea C. Nakaya, 2016 Medical science has proven that cigarette smoking is a serious health hazard. So why are so many teens picking up the habit? The *Teen Choices* series explores the choices teens face as they develop an understanding of risks and consequences and of right and wrong. All titles include straightforward discussion of the forces pushing teens toward these choices, the possible consequences of their actions, and what efforts are being made to help teens make good choices. Real-world examples and comments from teens add interest and depth. Book jacket. **Not Under My Roof** Amy T. Schalet, 2024-05-31 Winner of the Healthy Teen Network's Carol Mendez Cassell Award for Excellence in Sexuality Education and the American Sociological Association's Children and Youth Section's 2012 Distinguished Scholarly Research Award. For American parents, teenage sex

is something to be feared and forbidden most would never consider allowing their children to have sex at home and sex is a frequent source of family conflict In the Netherlands where teenage pregnancies are far less frequent than in the United States parents aim above all for family cohesiveness often permitting young couples to sleep together and providing them with contraceptives Drawing on extensive interviews with parents and teens Not Under My Roof offers an unprecedented intimate account of the different ways that girls and boys in both countries negotiate love lust and growing up Tracing the roots of the parents divergent attitudes Amy T Schalet reveals how they grow out of their respective conceptions of the self relationships gender autonomy and authority She provides a probing analysis of the way family culture shapes not just sex but also alcohol consumption and parent teen relationships Avoiding caricatures of permissive Europeans and puritanical Americans Schalet shows that the Dutch require self control from teens and parents while Americans guide their children toward autonomous adulthood at the expense of the family bond
