El castellano de Cataluña Carsten Sinner, 2013-02-06 This empirical study investigates the existence of a hypothetical regional standard for Spanish in Catalonia based on a corpus made up of transcripts of some 70 hours of recorded interview material The determining factors in the development of linguistic norms are analyzed in terms of the frequency of usage and the formal and informal acceptability of some 80 linguistic phenomena

The qualitative and quantitative analyses are supplemented by a study of the metalinguistic information and the linguistic attitudes identifiable in the interviews

Descripción y análisis del español en los medios de comunicación. Carles Marín Lladó, 2018-12-31 Facebook o Twitter se han convertido hoy en día en los soportes donde el público entre otras cosas busca consume y comparte noticias provocando que los medios de comunicación tradicionales no sean el punto de confluencia donde el ser humano se las agencia para informarse Y en el afán de las redes y las comunidades de usuarios por transmitir información bajo prismas propios que consoliden puntos de vista y estados de opinión nacen y se expanden las fake news desde hace pocos años Los medios de comunicación no solo informan sino que transmiten conocimiento y educan y es ahí donde sus profesionales se juegan el renombre y buen hacer Precisamente en la importancia del lenguaje y en su repercusión pública hecha a través de los medios tradicionales presentamos esta investigación para investigar y analizar el uso del español estandar informativo tanto en radio y prensa escrita y digital como en televisión a través del lenguaje la opinión e incluso la manipulación expresa de sus principales noticiarios de territorio español Con este libro seguimos una línea importante de investigación que debe continuar en un futuro para que personal docente e investigador alerte a los profesionales de los medios de comunicación de los errores que a menudo comenten en sus informaciones Solamente con la credibilidad de este trabajo que se conforma a partir de lo enumerado más arriba se podrá reconquistar a un público perdido en las fake news y a otro que se ha marchado porque necesitaba algo nuevo y diferente sobre todo el más joven Existe pues una oportunidad de los medios de comunicación para reinventarse en una sociedad la actual convertida definitivamente en Sociedad de la Información Comunicación y Revolución Digital
