*Western Literature* Armando Martins Janeira,2016-08-09 Japanese and Western Literature delves deeply into Japanese culture to discover the concepts that similarize and differentiate Japanese and Western literary creations Paralleling Japanese literary creations and fundamental thought with those of the West the author draws many illuminating comparisons for example between the novels of Murasaki Shikibu and Marcel Proust between the Portuguese poet Torga and the haiku master Issa and between the picaresque novel in Japan and in the West Contrastive studies are also made into such concepts as time nature love and tragedy This broad yet incisive survey of Japanese literarily genres and themes is more than a comparative study of literature however it is an attempt to grasp the core of Japanese culture by setting it against world culture From this born a complex of new ideas and problems and author is able to probe the extent of Western influence on Japanese fiction poetry and essays in the past hundred years     *The Western Crisis of Truth in the Early 21st Century*

analyses of visual and textual material such as internet memes academic discourse news articles videos and other media it considers truth making in the epoch of Russia's war in Ukraine Donald Trump the hyper-rationalist ritualism of managing the COVID-19 pandemic and the shifting realities on the Eastern border of the West in order to shed light on the transfiguration of the western intellectual tradition by the global political technological and intellectual dynamics of a world that is far from approaching the end of history Asking what is to be done in the face of this new reality The Western Crisis of Truth in the Early 21st Century considers whether the dissident literature of Central and Eastern Europe which has already lived through a period of disenlightenment under the Soviet Union as well as other Eastern European movements of dignity and independence might offer answers A study of the dimming of the Enlightenment this volume will appeal to scholars of social and political theory and political anthropology
