[How Television Shapes Our Worldview](#)

Deborah A. Macey, Kathleen M. Ryan, Noah J. Springer, 2014-05-15 Over the last half of the twentieth century television has become the predominant medium through which the public accesses information about the world Through the news situation comedies police dramas and commercials we learn about the world around us and our role within it These genres narratives and cultural forms are not simply entertainment but powerful socializing agents that show the world as we might never see it in real life *How Television Shapes Our Worldview* brings together a diverse set of scholars methodologies and theoretical frameworks to interrogate the ways through which television molds our vision of the outside world The essays include advertising and public relations analyses audience interviews and case studies that touch on genres ranging from science fiction in the 1970s to current reality television Television truly provides a powerful influence over how we learn about the world around us and understand its social processes

Fictional television and American politics Jack Holland, 2019-07-19 This book explores the relationship between fictional television and American world politics in the period from 9 11 through to the presidency of Donald J Trump This period comprises a second golden age for fictional TV The book therefore explores some of the best TV of all time across two decades of heightened political controversy

Better Living through TV Steven A. Benko, 2022-03-25 Watching television need not be a passive activity or simply for entertainment purposes Television can be the site of important identity work and moral reflection Audiences can learn about themselves what matters to them and how to relate to others by thinking about the implicit and explicit moral messages in the shows they watch *Better Living through TV* Contemporary TV and Moral Identity Formation analyzes the possibility of identifying and adopting moral values from television shows that aired during the latest Golden Era of television and Peak TV The diversity of shows and approaches to moral becoming demonstrate how television during these eras took advantage of new technologies to become more film like in both production quality and content The increased depth of characterization and explosion of content across streaming and broadcast channels gave viewers a diversity of worlds and moral values to explore The possibility of finding a moral in the stories told on popular shows such as *The Sopranos* *Breaking Bad* *The Wire* and *The Good Place* as well as lesser known shows such as *Letterkenny* and *The Unicorn* are explored in a way that centers television viewing as a site for moral identity formation

Seeing It on Television Max Sexton, Dominic Lees, 2021-03-25 *Seeing It on Television* Televisuality in the Contemporary US High end Series investigates new categories of high end drama and explores the appeal of programmes from Netflix Sky Atlantic HBO National Geographic FX and Cinemax An investigation of contemporary US Televisuality provides insight into the appeal of upscale programming beyond facts about its budget high production values and or feature cinematography Rather this book focuses on how the construction of meaning often relies on cultural discourse production histories as well as on tone texture or performance which establishes the locus of engagement and value within the series Max Sexton and Dominic Lees discuss how complex production histories lie behind the rise of the US high end series a form that reflects industrial changes and the renegotiation of formal strategies They reveal how the

involvement of many different people in the production process based on new relationships of creative authority complicates our understanding of original content This affects the construction of stylistics and the viewing strategies required by different shows The cultural as well as industrial strategies of recent television drama are explored in *The Young Pope* *The Knick* *Stranger Things* *Mars* *Fargo* *The Leftovers* *Boardwalk Empire* and *Vinyl* **The Television World of Pushing Daisies** Alissa Burger,2014-01-10 *Pushing Daisies* was a unique network television show This collection of 10 essays addresses the quirky off beat elements that made the show a popular success as well as fodder for scholarly inquiry Divided into three main sections the essays address the themes of difference the placement of the series within a larger philosophical context and the role of gender on the show A consideration of *Pushing Daisies* unique style and aesthetics is a consistent source of interest across these international and interdisciplinary scholarly critiques **Storytelling Industries** Anthony N. Smith,2018-06-28 This book shows how the unique characteristics of traditionally differentiated media continue to determine narrative despite the recent digital convergence of media technologies The author argues that media are now each largely defined by distinctive industrial practices that continue to preserve their identities and condition narrative production Furthermore the book demonstrates how a given medium s variability in institutional and technological contexts influences diverse approaches to storytelling By connecting US film television comic book and video game industries to their popular fictional characters and universes including *Star Wars* *Batman* *Game of Thrones* and *Grand Theft Auto* the book identifies how differences in industrial practice between media inform narrative production This book is a must read for students and scholars interested in transmedia storytelling Figures of Time Toni Pape,2019-04-04 Many contemporary television series from *Modern Family* to *How to Get Away with Murder* open an episode or season with a conflict and then go back in time to show how that conflict came to be In *Figures of Time* Toni Pape examines these narratives showing how these leaps in time create aesthetic experiences of time that attune their audiences to the political doctrine of preemption a logic that justifies preemptive action to nullify a perceived future threat Examining questions of temporality in *Life on Mars* the political ramifications of living under the auspices of a catastrophic future in *FlashForward* and how *Damages* disrupts the logic of preemption Pape shows how television helps shift political culture away from a model of rational deliberation and representation toward a politics of preemption and conformity Exposing the mechanisms through which television supports a fear based politics Pape contends will allow for the rechanneling of television s affective force into building a more productive and positive politics *Exploring Seriality on Screen* Ariane Hudelet,Anne Crémieux,2020-10-25 This collective book analyzes seriality as a major phenomenon increasingly connecting audiovisual narratives cinematic films and television series in the 20th and 21st centuries The book historicizes and contextualizes the notion of seriality combining narratological aesthetic industrial philosophical and political perspectives showing how seriality as a paradigm informs media convergence and resides at the core of cinema and television history By associating theoretical considerations and close readings of

specific works as well as diachronic and synchronic approaches this volume offers a complex panorama of issues related to seriality including audience engagement intertextuality and transmediality cultural legitimacy authorship and medium specificity in remakes adaptations sequels and reboots Written by a team of international scholars this book highlights a diversity of methodologies that will be of interest to scholars and doctoral students across disciplinary areas such as media studies film studies literature aesthetics and cultural studies It will also interest students attending classes on serial audiovisual narratives and will appeal to fans of the series it addresses such as Fargo Twin Peaks The Hunger Games Bates Motel and Sherlock
