## **Televisuality Style Crisis And Authority In American Television:**

**Televisuality** John Thornton Caldwell,1995 The collision of auteurism and rap couched by primetime producers in the Northern Exposure script was actually rather commonplace by the early 1990s Series and even news broadcasts regularly engineered their narratives around highly coded aesthetic and cultural fragments with a kind of ensemble iconography Televisuality interrogates the nature of such performances as an historical phenomenon an aesthetic and industrial practice and as a socially symbolic act *Televisuality* John Thornton Caldwell,1994 *Televisuality* John Thornton Caldwell,1995 Caldwell calls for a desegregation of theory and practice in media scholarship and for an end to the willful blindness of high theory *Time, Technology and Narrative Form in Contemporary US Television Drama* JP Kelly,2017-10-09 This book examines how television has been transformed over the past twenty years by the introduction of new viewing technologies including DVDs DVRs and streaming services such as Netflix Hulu and Amazon Prime It shows that these platforms have profoundly altered the ways we access and watch television enabling viewers to pause rewind record and archive the once irreversible flow of broadcast TV JP Kelly argues that changes in the technological landscape of television has encouraged the production of narrative forms that both explore and embody new industrial temporalities Focusing on US television but also considering the role of TV within a global marketplace the author identifies three distinct narrative temporalities acceleration 24 Prison Break complexity Lost FlashForward and retrospection Mad Men Through industrial textual analysis of television shows this cross disciplinary study locates these narrative temporalities in their socio cultural contexts and examines connections between production distribution and narrative form in the contemporary television industry Cop Shows Roger Sabin,Ronald Wilson,Linda Speidel,2015-03-23 From cops who are paragons of virtue to cops who are as bad as the bad guys from surly loners to upbeat partners from detectives who pursue painstaking investigation to loose cannons who just want to kick down the door the heroes and anti heroes of TV police dramas are part of who we are They enter our living rooms and tell us tall tales about the social contract that exists between the citizen and the police Love them or loathe them according to the ratings we love them they serve a function They ve entertained informed and sometimes infuriated audiences for more than 60 years This book examines Dragnet Highway Patrol Naked City The Untouchables The F B I Columbo Hawaii Five O Kojak Starsky Hutch Hill Street Blues Cagney Lacey Miami Vice Law Order Homicide Life on the Street NYPD Blue CSI The Shield The Wire and Justified It s time to take another look at the perps the vics and the boys and girls in blue and ask how their representation intersects with questions of class gender sexuality and race What is their socio cultural agenda What is their relation to genre and televisuality And why is it that when a TV cop gives a witness his card and says call me that witness always ends up on a slab The Stuff of Spectatorship Caetlin Benson-Allott,2021-04-06 Film and television create worlds but they are also of a world a world that is made up of stuff to which humans attach meaning Think of the last time you watched a movie the chair you sat in the snacks you ate the people around you maybe the beer or joint

you consumed to help you unwind all this stuff shaped your experience of media and its influence on you The material culture around film and television changes how we make sense of their content not to mention the very concepts of the mediums Focusing on material cultures of film and television reception *The Stuff of Spectatorship* argues that the things we share space with and consume as we consume television and film influence the meaning we gather from them This book examines the roles that six different material cultures have played in film and television culture since the 1970s including video marketing branded merchandise drugs and alcohol and even gun violence and shows how objects considered peripheral to film and television culture are in fact central to its past and future

**Law and TV Series** Adam Andrzejewski, Mateusz Salwa, 2018-09-24 The aim of this essay is to analyse TV series from the point of view of philosophical aesthetics Aiming to show how philosophy may contribute to seriality studies Andrzejewski and Salwa focus on seriality as a factor which defines the structure of TV series their aesthetic properties as well as their modes of reception TV series have been studied within media theory and cultural studies for quite a long time but they have been approached mainly in terms of their production distribution and consumption across various and changing social contexts Following the agenda of philosophical aesthetics Andrzejewski and Salwa claim instead seriality implies a sort of normativity i e that it is possible to indicate what features a television show has to have in order to be a serial show as well as the manner in which it should be watched if it is to be experienced as a serial work

**Science Fiction Film, Television, and Adaptation** Jay Telotte, Gerald Duchovnay, 2011-08-05 While film and television seem to be closely allied screen media our feature films and television series have seldom been successfully adapted across those screens In fact rather than functioning as portals those allied media often seem quite literally screens that filter out something that made the source work so popular in its original form Differences in budget running times cast viewing habits screen size and shape all come into play and this volume s aim is to track a number of popular texts in the course of their adaptive journeys across the screens in order to sketch the workings of that cross media adaptation For its specific examples the volume draws on a single genre science fiction not only because it is one of the most popular today in either film or television but also because it is arguably the most self conscious of contemporary genres and thus one that most obviously frames the terms of these technological adaptations The essays included here mine that reflexive character in both highly successful and in failed efforts at cross media adaption to help us understand what film and television achieve in screening science fiction and to reveal some of the key issues involved in all of our efforts to navigate the various screens that have become part of contemporary culture
