HSA Heritage Auctions Rare Books Auction Catalog #6030 James Gannon, 2009-09 *I Am a Monument* Aron Vinegar, 2008 Learning from Las Vegas originally published by the MIT Press in 1972 was one of the most influential and controversial architectural books of its era Thirty five years later it remains a perennial bestseller and a definitive theoretical text Its authors architects Robert Venturi Denise Scott Brown and Steven Izenour famously used the Las Vegas Strip to argue the virtues of the ordinary and ugly above the heroic and original qualities of architectural modernism Learning from Las Vegas not only moved architecture to the center of cultural debates it changed our ideas about what architecture was and could be In this provocative rereading of an iconic text Aron Vinegar argues that Learning from Las Vegas is not only of historical interest but of absolute relevance to current critical debates in architectural and visual culture Vinegar argues that to read Learning from Las Vegas only as an exemplary postmodernist text to understand it for example as a call for pastiche or as ironic provocation is to underestimate its deeper critical and ethical meaning and to miss the underlying dialectic between skepticism and the ordinary expression and the deadpan that runs through the text Vinegar's close attention to the graphic design of Learning from Las Vegas and his fresh interpretations of now canonical images from the book such as the Duck the Decorated Shed and the recommendation for a monument make his book unique Perhaps most revealing is his close analysis of the differences between the first 1972 edition designed for the MIT Press by Muriel Cooper and the revised edition of 1977 which was radically stripped down and largely redesigned by Denise Scott Brown The dialogue between the two editions continues with this book where for the first time the two versions of Learning from Las Vegas are read

More than any other sport baseball has developed its own niche in America's culture and psyche. Some researchers spend years on detailed statistical analyses of minute parts of the game while others wax poetic about its players and plays. Many trace the beginnings of the civil rights movement in part to the Major League's decision to integrate and the words and phrases of the game for example pinch hitter and out in left field have become common in our everyday language. From AARON HENRY onward this book covers all of what might be called the cultural aspects of baseball as opposed to the number rich statistical information so widely available elsewhere. Biographical sketches of all Hall of Fame players owners executives and umpires as well as many of the sportswriters and broadcasters who have won the Spink and Frick awards join entries for teams owners commissioners and league presidents. Advertising agents drafts illegal substances minor leagues oldest players perfect games retired uniform numbers superstitions tripleheaders and youngest players are among the thousands of entries herein. Most entries open with a topical quote and conclude with a brief bibliography of sources for further research. The whole work is exhaustively indexed and includes 119 photographs. **The End of the Book** Porter

Shreve, 2014-02-17. The End of the Book is the story of an aspiring contemporary novelist who may or may not be writing a sequel to Sherwood Anderson's classic Winesburg, Ohio. Adam Clary works in Chicago for a famous internet company on a massive project to digitize the world's books but secretly he hates his job and wishes to be a writer at a time when the book as physical object and book culture itself have never been more threatened. Counterpointing Adam's story is that of George Willard the young protagonist of Anderson's book who arrives in Chicago around 1900 when it was the fastest growing city in American history. Through alternating chapters we follow George's travails including his marriage to the wealthy daughter of his boss his affair with his hometown sweetheart his artistic crisis breakdown and flight and along the way we see the echoes and intersections between his life and Adam's as they struggle in two similar Americas through two similar times in the life of the book. **Bookshop Mysteries** John Harvey, Ian Rankin, Joyce Carol Oates, Peter Lovesey, Laura Lippman, 2017-09-05. Five
